

30-06 SPRINGFIELD BRASS CASE - 30-06 SPRINGFIELD BRASS 100/BAG

[Reloading](#) > [Brass](#) > [Rifle Brass](#)

Norma Brass provides the serious reloader a premium grade, quality cartridge to reload. Norma Brass is bulk packed from the same lot. We try to keep a good supply of brass in inventory, but due to factory production and delivery delays, we may occasionally be out of some cartridges. Norma Brass is made to such exact standards that the cartridges typically include machined case heads, drilled (not punched) flash holes and close tolerance wall thickness.

Safety Instruction Guide for 3006 Springfield Brass Case

Introduction

Thank you for choosing the 3006 Springfield Brass Case. This product is designed for serious reloaders seeking highquality brass for their ammunition needs. Please read this safety instruction guide carefully to ensure safe and effective use of this product.

General Safety Guidelines

- Always handle ammunition components, including brass cases, with care.
- Store brass cases in a cool, dry place away from direct sunlight and moisture.
- Keep brass cases out of reach of children and vulnerable individuals.
- Regularly check for any signs of damage or wear before use.
- Report any unsafe products or incidents to the appropriate authorities.
- Stay informed about any recalls or safety alerts related to this product through the EU Safety Gate platform.

Specific Safety Precautions for Use

- Ensure that you are using the correct caliber (3006 Springfield) for your firearm.
- Inspect each brass case for defects such as cracks or deformities before reloading.
- Use appropriate reloading equipment and follow the manufacturer's instructions.
- Wear safety glasses and other protective gear while reloading to prevent injury.
- Avoid overloading the brass cases beyond recommended specifications.
- Do not use brass cases that have been previously fired in a different caliber or firearm.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary reloading equipment, including dies, press, and scale.
- Ensure your workspace is clean and organized.

2. Inspect Brass Cases:

- Check each brass case for any signs of damage.
- Clean the brass cases if necessary to remove any debris or residue.

3. Reloading Process:

- Resize the brass cases using the appropriate die.
- Prime the cases with the correct type of primer.
- Measure and add the appropriate amount of powder to each case.
- Seat the bullet according to specifications.

4. Final Inspection:

- Inspect the completed rounds for consistency and defects.
- Store completed ammunition in a safe and secure manner.

Disposal Instructions

- Dispose of any damaged or unusable brass cases in accordance with local regulations.
- Do not dispose of brass cases in regular household waste.
- Check with local recycling centers for proper recycling options for brass.

Contact Information for Further Support

For any safety inquiries or additional support regarding the 3006 Springfield Brass Case, please refer to the manufacturer's contact information provided on the product packaging or their official website.

Thank you for your attention to these safety instructions. Your safety and satisfaction are our top priorities.
