Safety Instruction Guide for Redding Instant Indicators

Introduction

Thank you for choosing the Redding Instant Indicator. This precision tool is designed to help hand loaders quickly compare headspace and bullet seating depth, ensuring uniformity in their ammunition. This guide provides essential safety information, usage instructions, and contact details for further support.

General Safety Guidelines

- Ensure safe use of the Redding Instant Indicator by following these guidelines:
- Always handle the tool with care to avoid injury.
- Keep the tool out of reach of children and vulnerable individuals.
- Regularly inspect the tool for wear or damage before use.
- Do not use the tool for any purpose other than its intended use.
- Familiarize yourself with the tool's components and their functions before use.

Specific Safety Precautions for Use

- When using the Redding Instant Indicator:
- Always wear appropriate eye protection to prevent injury from flying debris.
- Ensure your workspace is clean and free from distractions.
- Avoid wearing loose clothing or jewelry that could get caught in the tool.
- Use the tool in a wellventilated area to avoid inhaling any particles.
- Handle all ammunition and components with care, following proper safety protocols.

Instructions for Installation and Usage

1. Setup:

- Unpack the Redding Instant Indicator and ensure all components are included: one bore diameter bushing, surface contactor, shoulder contactor, headspace gauge, and complete instructions.
- Select the appropriate bore diameter bushing for your cartridge (257 Roberts).

2. Usage:

- **Sorting Bullets for Uniformity:**
 - Place bullets side by side and use the Instant Indicator to measure and compare dimensions.
- **Sorting Cases:**
 - Use the tool to sort fired and sized cases for uniformity.
- **Setting Up Sizing Die:**
 - Adjust the sizing die according to the measurements provided by the Instant Indicator.
- **Comparing Sized Cases:**
 - Measure sized cases against fired cases to determine headspace.
- **Checking Bullet Seating Depth:**
 - Insert the bullet into the tool and measure the seating depth for uniformity.
- **Trimming Cases:**
 - Determine when cases need trimming and check trim length uniformity using the Instant Indicator.

Disposal Instructions

- Dispose of the Redding Instant Indicator responsibly:
- Follow local regulations for the disposal of tools and equipment.
- Do not dispose of the tool in household waste.
- If the tool is damaged beyond repair, consider recycling materials where possible.

Contact Information for Further Support

- For any questions or concerns regarding the Redding Instant Indicator, please refer to the manufacturer's contact information provided in the product packaging or visit their official website.

Important Notice

- Always report unsafe products or accidents to the appropriate authorities.
- Check for recall updates on the EU's Safety Gate platform to stay informed about product safety.

By following these guidelines, you can ensure safe and effective use of the Redding Instant Indicator. Thank you for your attention to safety, and happy loading!
