

# INSTANT INDICATORS - REDDING INSTANT INDICATOR/257 ROBERTS IMP 40

[Reloading](#) > [Measuring Tools](#) > [Case Gauges & Headspace Tools](#)

**REDDING INSTANT INDICATORS** The Redding Instant Indicator is a precision made tool that allows a hand loader to quickly compare headspace and bullet seating depth within .001". The Instant Indicator provides an extremely quick method for comparing bullets, seating depths, fired cases, sized cases, trim lengths and loaded ammunition for uniformity. Easily perform any of the following tasks:

**FEATURES:** Sort bullets for uniformity Sort cases fired in two or more rifles Sort sized cases for uniformity Set up sizing die correctly Compare sized cases to fired cases to determine the amount of headspace Check uniformity of shoulder bump Check bullet seating depth uniformity Sort loaded ammunition for uniformity Determine when cases need trimming Check trim length uniformity Instructions Included Supplied with one bore diameter bushing, surface contactor, shoulder contactor, headspace gauge and complete instructions. The Instant Indicator fits the cartridge listed in the description, however it may be used for a family of cartridges with the same shoulder angle.

## Attributes

- Name: [REDDING INSTANT INDICATOR/257 ROBERTS IMP 40](#)
- Manufacturer: [REDDING](#)
- Product no.: 749007150
- Mfr. No.: 17322
- Caliber: 257 Roberts
- Delivery weight: 0.458kg
- Shipping height: 44mm
- Shipping width: 109mm
- Shipping length: 152mm
- UPC: 611760173226

# Redding Instant Indicators Safety Instruction Guide

## Introduction

Thank you for choosing the Redding Instant Indicator. This precision tool is designed to assist hand loaders in comparing headspace and bullet seating depth with high accuracy. This guide provides essential safety information to ensure the safe and effective use of the product, in compliance with the EU General Product Safety Regulation (GPSR).

## General Safety Guidelines

- **Product Safety:** Ensure safe use of the Redding Instant Indicator by following all instructions carefully. The product is designed for specific nonfood applications and should not be used for any unintended purposes.
- **Enhanced Recalls:** Be aware that if any safety issues arise, standardized recall notices will be issued. Always stay informed about potential recalls through official channels.
- **Online Shopping Protection:** If you purchased this product online, know that you have the same safety protections as if you bought it in a physical store.
- **Consumer Focus:** Extra care should be taken when this product is used by individuals who may be vulnerable, including children. Keep the tool out of reach of children.
- **EU Contact Point:** For any safety inquiries, refer to the designated EUbased contact point provided by the manufacturer.
- **Rapid Alerts:** Stay updated on product safety through the Safety Gate system, which provides faster alerts on unsafe products.

## Specific Safety Precautions for Use

- **Read Instructions:** Always read and understand the instructions provided with the Redding Instant Indicator before use.
- **Check for Damage:** Inspect the tool for any signs of damage before each use. Do not use if damaged.
- **Proper Handling:** Handle the tool with care to avoid injury. The components are precisionmade and should be treated accordingly.
- **Avoid Contact with Eyes:** When using the tool, avoid any situation where it may come into contact with your eyes.
- **Use in a Safe Environment:** Ensure that you are in a welllit and stable environment while using the tool to prevent accidents.
- **Store Safely:** After use, store the Redding Instant Indicator in a safe place, out of reach of children and pets.

## Instructions for Installation and Usage

### 1. Setup:

- Remove the Redding Instant Indicator from its packaging.
- Ensure all components are present: one bore diameter bushing, surface contactor, shoulder contactor, headspace gauge, and complete instructions.

### 2. Using the Tool:

- Insert the appropriate bore diameter bushing into the tool.
- Position the surface contactor or shoulder contactor as needed for your specific measurement.
- Compare headspace and bullet seating depth, ensuring you maintain a tolerance of .001".

### **3. Performing Tasks:**

- You can sort bullets for uniformity, check the uniformity of shoulder bump, and determine if cases need trimming.
- Always refer to the instructions for detailed steps on how to perform each task accurately.

### **4. PostUse:**

- Clean the tool after each use to maintain precision and accuracy.
- Store all components in a safe and dry location.

## **Disposal Instructions**

- **Environmental Considerations:** Dispose of the product responsibly, following local regulations regarding electronic and precision tools.
- **Recycling:** If applicable, recycle components to minimize environmental impact.

## **Contact Information for Further Support**

For further assistance, please refer to the contact information provided by the manufacturer or retailer. Ensure you have the product details at hand for a more efficient response.

Thank you for your attention to these safety guidelines. Proper use and care of the Redding Instant Indicator will enhance your hand loading experience while ensuring safety and compliance with applicable regulations.
