Redding Instant Indicator Safety Instruction Guide

Introduction

Thank you for choosing the Redding Instant Indicator. This precision tool is designed for hand loaders to ensure accurate headspace and bullet seating depth measurements. To ensure safe and effective use of this product, please read and follow the safety guidelines and instructions provided in this document.

General Safety Guidelines

- Always use the Redding Instant Indicator in accordance with the instructions provided.
- Keep the tool out of reach of children and vulnerable individuals.
- Inspect the tool before each use to ensure it is in good working condition.
- Do not use the tool if it appears damaged or malfunctioning.
- Use the tool only with the cartridges specified in the product description (260 Remington).
- Ensure that you are in a wellventilated area when using this tool.
- Wear appropriate eye protection while using the Redding Instant Indicator.
- Report any unsafe conditions or accidents to the relevant authorities.

Specific Safety Precautions for Use

- **Avoid Injury:** Always handle the tool with care to avoid cuts or injuries from sharp edges.
- **Proper Storage:** Store the Redding Instant Indicator in a safe, dry place when not in use.
- **Check for Hazards:** Be aware of your surroundings and ensure that no one is in close proximity when using the tool.
- **Follow Instructions:** Adhere strictly to the instructions for installation and usage to prevent accidents and ensure accurate measurements.
- **Use Appropriate Equipment:** Use the tool only with compatible cartridges and accessories to avoid malfunction.

Instructions for Installation and Usage

1. Setup:

- Ensure you have the following components: one bore diameter bushing, surface contactor, shoulder contactor, headspace gauge, and complete instructions.
- Select the appropriate bore diameter bushing for your cartridge.

2. Using the Redding Instant Indicator:

- **Sorting Bullets:** Use the tool to sort bullets for uniformity.
- **Sorting Cases:** Sort fired cases from two or more rifles to determine consistency.
- **Sizing Cases:** Use the tool to compare sized cases against fired cases to check headspace.
- **Checking Depth:** Measure bullet seating depth to ensure uniformity.
- **Trim Length:** Check the trim length of cases to determine when they need trimming.

3. Final Checks:

- After using the tool, doublecheck all measurements for accuracy.
- Clean the tool after each use to maintain its precision and longevity.

Disposal Instructions

- Dispose of the Redding Instant Indicator responsibly.
- If the tool is no longer usable, consider recycling it according to local regulations.
- Do not dispose of the tool in regular household waste.

Contact Information for Further Support

- For any inquiries or support regarding the Redding Instant Indicator, please refer to the contact information provided by the manufacturer.

Thank you for your attention to these safety guidelines. Your safety and satisfaction are our top priorities. Enjoy using your Redding Instant Indicator!
