

# TYPE S MATCH BUSHING FULL DIE SETS - REDDING 25-06 REMINGTON BUSHING FULL LENGTH DIE SET

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The Redding Type S Match Bushing Full Die Set contains a Type S Bushing Full Sizing Die and a Competition Seating Die. The Type S Bushing Full Die allows full length resizing while maintaining exact control of the case neck. Interchangeable bushings allow you to determine your own level of sizing and neck tension. The Competition Bullet Seating Die features a micrometer calibrated in .001" increments and floating seating stem system which help eliminate concentricity problems.

Redding Type S Match Full Length Die Set, 25-06 Rem

# **Safety Instruction Guide for TYPE S MATCH BUSHING FULL DIE SETS REDDING 2506 REMINGTON BUSHING FULL LENGTH DIE SET**

## **Introduction**

Thank you for choosing the Redding Type S Match Full Length Die Set for your reloading needs. This guide provides essential safety instructions to ensure the safe and effective use of your die set. Please read this guide carefully before use to understand the safety precautions, installation, and operational procedures.

## **General Safety Guidelines**

- Ensure that you are familiar with the operation of reloading equipment and follow all instructions provided by the manufacturer.
- Always wear appropriate safety gear, including safety glasses and gloves, when handling reloading components.
- Keep your workspace clean and organized to prevent accidents.
- Store all reloading components and tools in a secure location, out of reach of children and pets.
- Do not use the die set for any purpose other than its intended use.
- Regularly inspect your die set for signs of wear or damage. If you notice any issues, discontinue use and contact the manufacturer for guidance.

## **Specific Safety Precautions for Use**

- Always doublecheck that the die set is correctly installed before use.
- Ensure that the reloading press is securely mounted and stable during operation.
- Use the correct cartridge components as specified for the 2506 Remington to avoid malfunction.
- Be aware of the potential hazards associated with the reloading process, including the handling of gunpowder and primers.
- Avoid distractions while reloading and maintain focus on the task at hand.
- Keep a fire extinguisher nearby when reloading to address any potential fire hazards.

## **Instructions for Installation and Usage**

### **1. Installation:**

- Unpack the die set and ensure all components are included.
- Follow the manufacturer's instructions to install the dies into your reloading press securely.
- Adjust the sizing die according to the specifications for the 2506 Remington cartridge.

### **2. Usage:**

- Prepare your workspace by ensuring it is clean and free of any obstructions.
- Measure and prepare your brass cases according to the recommended specifications.
- Insert the brass case into the reloading press and follow the steps for resizing, expanding, and seating bullets as outlined in the product manual.
- After reloading, inspect each cartridge for proper seating and overall quality before storage or use.

## **Disposal Instructions**

- Dispose of any unused reloading components, such as gunpowder and primers, in accordance with local regulations.

- Do not dispose of hazardous materials in regular trash. Contact your local waste management facility for proper disposal methods.
- Ensure that all packaging materials are recycled or disposed of responsibly.

## **Contact Information for Further Support**

For safety inquiries or further assistance regarding the Redding Type S Match Full Length Die Set, please contact the manufacturer directly. Ensure you have the product details readily available for a more efficient response.

By adhering to these safety guidelines and instructions, you can ensure a safe reloading experience with your Redding Type S Match Full Length Die Set. Always prioritize safety and remain informed about best practices in reloading. Thank you for your attention to these important safety measures.
