

COMPETITION BUSHING NECK DIES - REDDING COMPETITION BUSHING NECK DIE 25-06 REM ACKLEY IMP 40

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Similar in design concept to Reddings Competition Seating Die, the cartridge case is completely supported and aligned with the sizing bushing before the sizing process begins. As the sizing process starts, the cartridge case remains supported in the tightly chambered, sliding sleeve as it moves upward while the resizing bushing self-centers on the case neck. The decapping rod is maintained in precise alignment by using the internal parts of the die as a linear support much like that of a firing pin. Meanwhile, the micrometer adjustment of the bushing position delivers precise control to the desired amount of neck length to be sized. These dies were designed for use by Competition Shooters who have meticulously prepared their cartridge cases and do not wish to use a sizing button, however, carbide size button kits are available separately. Bushings and shellholders sold separately

Attributes

- Name: [REDDING COMPETITION BUSHING NECK DIE 25-06 REM ACKLEY IMP 40](#)
- Manufacturer: [REDDING](#)
- Product no.: 749007939

Safety Instruction Guide for Redding Competition Bushing Neck Die 2506 Rem Ackley Imp 40

Introduction

Thank you for choosing the Redding Competition Bushing Neck Die 2506 Rem Ackley Imp 40. This guide provides essential safety information and instructions for the safe use of this product. Please read this guide carefully to ensure safe and effective operation.

General Safety Guidelines

- **Product Safety:** This die is designed to ensure safe use in the reloading process. Always follow safety instructions to minimize risks.
- **Enhanced Recalls:** Stay informed about any recall notices related to this product. If a recall occurs, follow the instructions provided by the manufacturer.
- **Online Shopping:** When purchasing online, ensure that the seller meets safety requirements and provides clear product information.
- **Special Consumer Focus:** This product is not intended for use by children. Keep out of reach of minors.
- **EU Contact Point:** For safety inquiries, refer to the manufacturer or authorized seller for support.
- **Rapid Alerts:** Monitor the EU's Safety Gate platform for updates on product safety and recalls.

Specific Safety Precautions for Use

- Always wear appropriate safety gear, including safety glasses, when using this die.
- Ensure your workspace is clean and free from distractions to avoid accidents.
- Check for any visible damage to the die before use. Do not use if damaged.
- Keep fingers and hands clear of moving parts during operation to prevent injury.
- Follow all manufacturer instructions for the setup and use of the die.
- Do not exceed recommended load specifications when reloading ammunition.
- Store the die in a safe, dry place when not in use to prevent rust and damage.

Instructions for Installation and Usage

1. Preparation:

- Ensure that you have all necessary components, including the die, shellholder, and any required bushings.
- Clean the die and ensure it is free from debris.

2. Installation:

- Install the die into your reloading press according to the manufacturer's instructions.
- Adjust the die to the desired position for neck sizing.

3. Using the Die:

- Insert the cartridge case into the shellholder and ensure it is properly seated.
- As you operate the press, the cartridge case will be supported and aligned with the sizing bushing.
- Monitor the resizing process to ensure the bushing selfcenters on the case neck.
- Use the micrometer adjustment to achieve the desired neck length.

4. PostUse:

- After use, clean the die to remove any residue and prevent corrosion.
- Store the die in its original packaging or a protective case to ensure longevity.

Disposal Instructions

- Dispose of any packaging materials in accordance with local regulations.
- If the die is no longer usable, dispose of it in a manner that complies with local waste disposal regulations. Do not dispose of in regular trash if it contains hazardous materials.

Contact Information for Further Support

For any questions or concerns regarding the Redding Competition Bushing Neck Die, please refer to the manufacturer's website or contact their customer service for assistance.

By following this guide, you can ensure a safe and effective experience while using the Redding Competition Bushing Neck Die 2506 Rem Ackley Imp 40. Thank you for prioritizing safety in your reloading practices.
