# Redding Full Length Die Set Safety Instructions

## Introduction

Thank you for choosing the Redding Full Length Die Set 6.5MM06 Improved 40. This document provides essential safety instructions and guidelines to ensure the safe and effective use of your die set. Please read this guide carefully before use.

## General Safety Guidelines

- Ensure that you are familiar with the operation and handling of reloading equipment before using the Redding Full Length Die Set.
- Always wear appropriate personal protective equipment, including safety glasses and gloves, when handling reloading materials.
- Keep the die set and all reloading components out of reach of children and unauthorized users.
- Regularly inspect the die set for wear or damage. Do not use damaged components.
- Follow all local laws and regulations regarding ammunition reloading and usage.

## Specific Safety Precautions for Use

- **Cartridge Compatibility:** Ensure that the die set is used exclusively with 6.506 Improved 40 cartridges.
- **Work Area:** Use the die set in a wellventilated area, free from distractions and hazards.
- **Handling Components:** Handle all reloading components with care to avoid accidental ignition or discharge.
- **Storage:** Store the die set and reloading supplies in a cool, dry place, away from direct sunlight and moisture.
- **Emergency Procedures:** Familiarize yourself with emergency procedures in case of accidents or malfunctions during the reloading process.

## Instructions for Installation and Usage

### 1. Setup:

- Ensure that your reloading press is securely mounted to a stable work surface.
- Clean the die set and ensure that all components are free from debris.

### 2. Installing the Sizing Die:

- Insert the full length sizing die into the reloading press.
- Adjust the die according to the manufacturer's instructions to ensure proper alignment.

### 3. Seating Die Installation:

- Install the standard seating die in the same manner as the sizing die.
- Adjust the seating die to achieve the desired bullet seating depth.

### 4. Reloading Process:

- Follow the reloading data specific to the 6.506 Improved 40 cartridge for powder charges and bullet seating.
- Perform all operations slowly and carefully, doublechecking each step to avoid mistakes.

### 5. Final Inspection:

- After reloading, inspect each cartridge for proper assembly and ensure that there are no visible

defects.

## **Disposal Instructions**

- Dispose of any unused or expired reloading materials in accordance with local regulations.
- Do not throw away the die set in regular trash. Check with local waste management for proper disposal methods of metal components.
- Ensure that all hazardous materials are disposed of safely to prevent environmental contamination.

## **Contact Information for Further Support**

For any questions or concerns regarding the Redding Full Length Die Set, please refer to the manufacturer's website or customer service for assistance.

By following these guidelines and instructions, you can safely and effectively use the Redding Full Length Die Set. Always prioritize safety and compliance with local laws and regulations. Thank you for your attention to these important safety instructions.
