

DELUXE 3-DIE SETS - REDDING 257 STW 3 DIE SET

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The Redding Deluxe Die Sets include the full length sizing die, standard seating die and the neck sizing die. All dies are made using the finest alloy steels obtainable and machined on Hardinge Super-Precision lathes capable of holding the tightest tolerances in the industry. Guaranteed to produce ammunition that will properly fit any standard (SAAMI) chamber. Heat treated in atmospherically controlled furnaces and hand polished for smooth, flawless functioning, these dies will maintain tolerances and last a lifetime. Inspected and ultrasonically cleaned before packaging, they come in a handy die box with a spare decapping pin, hex wrench and a place for your shellholder (sold separately).

Safety Instruction Guide for DELUXE 3DIE SETS REDDING 257 STW 3 DIE SET

Introduction

Thank you for choosing the DELUXE 3DIE SETS REDDING 257 STW 3 DIE SET. This product is designed to help you create highquality ammunition safely and effectively. Please read this safety instruction guide carefully to ensure proper use and to maintain safety during operation.

General Safety Guidelines

- Always ensure that you follow local laws and regulations regarding ammunition reloading and usage.
- Keep the die set out of reach of children and unauthorized individuals.
- Inspect the die set for any damage or defects before use. Do not use if any part is damaged.
- Store the die set in a cool, dry place to prevent corrosion and damage.
- Always wear appropriate safety gear, including safety glasses and hearing protection, when reloading ammunition.

Specific Safety Precautions for Use

- **Handling:** Always handle the die set with care. Avoid dropping or mishandling the dies.
- **Installation:** Ensure that the dies are securely mounted in the reloading press before use.
- **Operation:** Follow the manufacturer's instructions for operation. Do not exceed recommended loads.
- **Cleaning:** Regularly clean the dies to maintain performance and prevent malfunction.
- **Disposal:** Dispose of any damaged or unusable parts in accordance with local regulations.

Instructions for Installation and Usage

1. Installation:

- Carefully remove the die set from the packaging.
- Inspect each die for any visible damage.
- Install the fulllength sizing die into the reloading press first, following the manufacturer's instructions.
- Next, install the neck sizing die and then the standard seating die.
- Ensure that all dies are tightened securely before proceeding.

2. Usage:

- Begin by resizing the brass cases using the fulllength sizing die.
- After resizing, use the neck sizing die to achieve the desired neck tension.
- Finally, use the standard seating die to seat the bullets to the specified depth.
- Always doublecheck measurements for accuracy.

3. PostUse Care:

- After use, clean each die with a soft cloth to remove any residue.
- Store the dies in the provided die box along with the spare decapping pin and hex wrench.
- Ensure that the shellholder is stored separately as needed.

Disposal Instructions

- Dispose of any packaging materials responsibly, following local recycling guidelines.
- If the die set is damaged beyond repair, dispose of it according to local hazardous waste regulations.
- Do not throw away the dies in regular trash if they are still functional; consider donating or recycling them.

Contact Information for Further Support

For any inquiries or support regarding the DELUXE 3DIE SETS REDDING 257 STW 3 DIE SET, please refer to the contact information provided in the product packaging or visit the manufacturer's website for assistance.

Thank you for your attention to these safety instructions. Enjoy safe and effective reloading!
