

SINGLE POINT CUT RIFLED BARREL BLANKS - BARTLEIN BARRELS 6MM 1-8" TWIST 31" HEAVY VARMINT BARREL BLANK

[Rifle Parts](#) > [Barrel Parts](#) > [Rifle Barrel Blanks](#)

Bartlein is a barrel maker owned and operated by shooters who have been involved in barrel making for many years. They built state-of-the-art cut rifling machines which Bartlein says can hold uniform twist rates to the 4th decimal point. Several nationally known benchrest shooters shoot Bartlein barrels. Bartlein Barrels only uses single point cut style rifling, no buttong rifling and no broach cutting. All barrels are prelapped/honed before rifling and finish lapped after rifling.

Bartlein SS 6mm HV 1-8" Twist 31" Barrel Blank

Safety Instruction Guide for Bartlein Barrels 6mm 18" Twist 31" Heavy Varmint Barrel Blank

Introduction

Thank you for choosing the Bartlein Barrels 6mm 18" Twist 31" Heavy Varmint Barrel Blank. This product is designed for high performance and precision. However, it is essential to follow safety guidelines to ensure safe and effective use. This guide provides important safety information, installation instructions, and disposal guidelines in compliance with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- Ensure that the product is used for its intended purpose only.
- Always wear appropriate personal protective equipment (PPE) when handling or using the barrel blank, including safety glasses and gloves.
- Keep the product out of reach of children and vulnerable individuals.
- Inspect the product regularly for any signs of damage or wear. Do not use if damaged.
- Report any unsafe conditions or incidents to the relevant authorities.
- Stay informed about any product recalls or safety alerts through the EU Safety Gate platform.

Specific Safety Precautions for Use

- Handle the barrel blank with care to avoid injury.
- Ensure that all tools and equipment used with the barrel blank are in good working condition.
- Follow all manufacturer recommendations for installation and usage.
- Be aware of the potential hazards associated with cutting and machining the barrel blank, including metal shavings and sharp edges.
- Use appropriate ventilation when machining or working with the barrel blank to avoid inhalation of dust or fumes.
- Always follow local regulations regarding the use and disposal of firearm components.

Instructions for Installation and Usage

1. Preparation

- Gather all necessary tools and equipment, including a suitable live pilot and cutting tools.
- Ensure a clean and organized workspace free from distractions.

2. Installation

- Before installation, verify that the barrel blank is compatible with your firearm.
- If using a live pilot, ensure it is of appropriate size for the barrel blank. Note that a solid pilot may not fit.
- Follow the manufacturer's guidelines for securing the barrel blank in place during machining.

3. Machining

- Use the appropriate cutting tools for the barrel blank material (Stainless Steel).
- Maintain a steady hand and consistent pressure while machining to avoid damaging the blank.
- Regularly check the cutting tools for sharpness and replace them as necessary.

4. PostInstallation

- Inspect the finished barrel for any signs of defects or irregularities.
- Clean the barrel thoroughly after machining to remove any metal shavings or debris.

Disposal Instructions

- Dispose of any waste materials, including metal shavings and damaged barrel blanks, in accordance with local regulations.
- Do not dispose of the barrel blank in regular household waste.
- Contact local recycling centers for proper disposal methods for metal components.

Contact Information for Further Support

For any safety inquiries or additional support regarding the Bartlein Barrels 6mm 18" Twist 31" Heavy Varmint Barrel Blank, please consult the product packaging or visit the manufacturer's website for more information.

By following these safety instructions and guidelines, you can ensure the safe and effective use of your Bartlein Barrel Blank. Thank you for your attention to safety!
