## One-Stop Machine Helps You Quickly Perform Brass Prep

All-in-one power tool includes the most popular case preparation accessories in one unit driven by a single high-torque, low-RPM motor ideally suited to case prep work. Nothing else to buy to get started! Quick, easy cleanup, too - just brush all the brass chips into the removable collection pan. Includes attachments to perform these case prep operations: deburr case neck inside (VLD) and outside; clean/lubricate case neck; clean/uniform primer pocket and ream out primer crimp on military brass (includes attachments for both large and small pockets). Comes with case neck brushes in .25, .30, .38 and .45 calibers, plus Mica case neck lube and a handy clean-up brush.

# Safety Instruction Guide for CASE PREP XPRESS LYMAN CASE PREP XPRESS 230V

## Introduction

Thank you for choosing the CASE PREP XPRESS LYMAN CASE PREP XPRESS 230V. This allinone power tool is designed to simplify your case preparation tasks. To ensure your safety and the proper functioning of the product, please read this safety instruction guide carefully before use.

## General Safety Guidelines

- Always follow the manufacturer's instructions and safety warnings.
- Ensure that the product is used only for its intended purpose.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the product for any signs of damage or wear.
- Report any unsafe products or accidents to the relevant authorities.
- Stay informed about product recalls by checking the EU's Safety Gate platform.

## Specific Safety Precautions for Use

### • Electrical Safety

- Ensure the product is connected to a power supply that matches the specified voltage (230V).
- Do not use the product in wet or damp conditions.
- Avoid overloading the power outlet to prevent electrical hazards.

### • Operational Safety

- Always wear appropriate personal protective equipment (PPE), including safety glasses and gloves, while using the tool.
- Keep hands and loose clothing away from moving parts during operation.
- Do not attempt to modify or repair the product unless authorized by the manufacturer.

### • Maintenance Safety

- Unplug the tool before performing any maintenance or cleaning.
- Use only manufacturerapproved accessories and attachments to ensure safe operation.
- Regularly clean the removable collection pan to avoid blockages.

## Instructions for Installation and Usage

### 1. Unpacking the Product

- Carefully remove the product from the packaging.
- Check for any visible damage or missing parts.

### 2. Setting Up the Tool

- Place the tool on a stable, flat surface.
- Ensure that the power cord is routed safely to prevent tripping hazards.

### 3. Using the Tool

- Plug the tool into a compatible power outlet.
- Select the appropriate attachment for the desired case prep operation.
- Follow the specific instructions for each operation:
  - **Deburring Case Neck:** Attach the deburring tool and insert the case neck into the opening. Turn on the tool and gently feed the neck into the attachment.
  - **Cleaning/Lubricating Case Neck:** Use the cleaning/lubricating attachment as per the instructions provided with the accessory.
  - **Cleaning/Uniforming Primer Pocket:** Attach the primer pocket cleaner and follow the manufacturer's instructions for use.
  - **Reaming Primer Crimp:** Use the reamer attachment for military brass, ensuring you select the correct size for the primer pocket.

#### 4. Cleaning Up After Use

- Turn off and unplug the tool.
- Brush all brass chips into the removable collection pan.
- Dispose of any waste materials in accordance with local regulations.

## Disposal Instructions

- Dispose of the product and its components in accordance with local waste disposal regulations.
- Do not dispose of electrical products with household waste. Take the product to a designated collection point for recycling.

## Contact Information for Further Support

For any safety inquiries or further assistance, please refer to the manufacturer's contact details provided in the product packaging or user manual.

By following these safety instructions, you can ensure the safe and effective use of your CASE PREP XPRESS LYMAN CASE PREP XPRESS 230V. Thank you for your attention to safety!
