

# KESTREL 5000 SERIES ROTATING VANE MOUNT - KESTREL 5000 SERIES ROTATING VANE MOUNT

[Shooting Accessories](#) > [Windmeters & Flags](#) > [Windmeters](#)

A lot of thought was put into making this vane mount for the 5000 Kestrel series. It's simpler design than the last and much more durable. The meter snaps right into it and will mount to any tripod or other 1/4-20 fitted bracket, allowing use of an extension pole for taking wind or air flow readings.. This turns your Kestrel into a full-featured weather station with a large wind vane and precision pivot that keeps the Kestrel oriented into the wind for continuous measurement and logging of wind speed, wind direction, and all other key weather parameters Includes Vane Mount Pouch that will fit both your Kestrel 5000 series meter and the Vane Mount. An internal battery loop (as well as little pocket) secures extra AA batteries and a snap-strap on the rear secures the kit to your belt or pack. The idea here is you have a portable weather station.

## Attributes

- Name: [KESTREL 5000 SERIES ROTATING VANE MOUNT](#)
- Manufacturer: [KESTREL](#)
- Product no.: 749014488
- Mfr. No.: 0782
- Colour: Black
- Delivery weight: 0.142kg
- Shipping height: 64mm
- Shipping width: 76mm
- Shipping length: 219mm

# KESTRAL 5000 SERIES ROTATING VANE MOUNT

## Safety Instruction Guide

### Introduction

Thank you for choosing the KESTRAL 5000 Series Rotating Vane Mount. This product has been designed with your safety and convenience in mind. Please read this safety instruction guide carefully to ensure proper use and to avoid any potential hazards.

### General Safety Guidelines

- **Product Safety:** Ensure safe usage of the KESTRAL 5000 Series Rotating Vane Mount by following all guidelines provided in this manual.
- **Enhanced Recalls:** Stay informed about any product recalls or safety notices. If you receive a recall notice, follow the instructions provided.
- **Online Shopping:** If purchased online, ensure that the platform complies with safety requirements similar to physical stores.
- **Special Consumer Focus:** This product is not intended for use by children. Please keep it out of reach of young children.
- **EU Contact Point:** For any safety inquiries, please refer to the contact information provided by your retailer or manufacturer.
- **Rapid Alerts:** Be aware of updates regarding unsafe products through the EU's Safety Gate system.

### Specific Safety Precautions for Use

- **Hazard Awareness:**
  - Avoid using the vane mount in extreme weather conditions that may compromise its structural integrity.
  - Ensure that the tripod or bracket used is stable and can support the weight of the KESTRAL 5000 Series meter.
- **Proper Use:**
  - Do not exceed the maximum load capacity of the tripod or mount.
  - Always secure the KESTRAL meter properly to prevent it from falling or being damaged.
- **Battery Safety:**
  - Use only recommended AA batteries. Improper batteries may cause leaks or damage the device.
  - Do not mix old and new batteries or different brands of batteries.
- **Maintenance:**
  - Regularly inspect the vane mount for any signs of wear or damage. If any damage is found, discontinue use immediately.
  - Clean the product with a damp cloth; do not use harsh chemicals or solvents.

### Instructions for Installation and Usage

#### 1. Installation:

- Ensure you have a stable tripod or bracket that is compatible with the KESTRAL 5000 Series Rotating Vane Mount.
- Align the mount with the tripod's  $\frac{1}{4}$ "20 fitting and securely attach it by tightening the screw.
- Confirm that the mount is firmly attached before proceeding.

#### 2. Using the Vane Mount:

- Insert the KESTRAL 5000 Series meter into the mount until it clicks into place.

- Adjust the angle of the vane to ensure it faces into the wind for accurate readings.
- Use the extension pole if necessary, ensuring it is securely attached to the mount.

### **3. Taking Measurements:**

- Turn on the KESTRAL meter and select the desired measurement settings.
- Allow the meter to stabilize before taking readings.
- Record wind speed, direction, and other weather parameters as needed.

### **4. Storage:**

- After use, detach the KESTRAL meter from the mount.
- Store the vane mount and meter in the provided pouch to protect them from dust and damage.
- Ensure that the internal battery loop is secured to prevent battery loss.

## **Disposal Instructions**

- **Disposal of the Product:**

- When the KESTRAL 5000 Series Rotating Vane Mount reaches the end of its life, dispose of it in accordance with local regulations for electronic waste.
- Remove batteries before disposal and recycle them according to local battery recycling programs.

## **Contact Information for Further Support**

For any questions, concerns, or support regarding the KESTRAL 5000 Series Rotating Vane Mount, please contact your retailer or the manufacturer directly. Always refer to the product packaging or official website for the most accurate contact details.

Thank you for your attention to these safety instructions. Enjoy using your KESTRAL 5000 Series Rotating Vane Mount safely and effectively!
