

TYPE S BUSHING FULL DIES - REDDING 26 NOSLER TYPE S BUSHING FULL LENGTH DIE

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Full Length resizing while maintaining exact control of the case neck is often desirable in one operation. The Redding Type S Bushing Full Length Sizing Dies accomplish this task with the precision you would expect from Redding. Uses the same interchangeable bushings as those used in Redding bushing style neck sizing dies. The adjustable decapping rod allows you to adjust the bushing position, sizing only part of the neck length when desired. Concentricity is enhanced by the ability of the bushing to self-center on the neck of the cartridge case. All Type S dies are supplied with both the standard size button and a decapping pin retainer. By removing the bushing and all internal parts, the Type S Bushing Full Die may also be used as a body die.

Safety Instruction Guide for TYPE S BUSHING FULL DIES REDDING 26 NOSLER

Introduction

Thank you for choosing the TYPE S BUSHING FULL DIES REDDING 26 NOSLER. This guide provides essential safety instructions and guidelines for the proper use of this product. Please read this document thoroughly to ensure safe and effective operation.

General Safety Guidelines

- Ensure safe use of the TYPE S BUSHING FULL DIES by following these guidelines:
 - Always use the product in accordance with the manufacturer's instructions.
 - Keep the product out of reach of children and vulnerable individuals.
 - Regularly inspect the product for any signs of wear or damage before use.
 - Do not modify or alter the product in any way.
 - Ensure your workspace is clean and organized to prevent accidents.
 - Use appropriate personal protective equipment (PPE) such as safety glasses and gloves when operating the dies.

Specific Safety Precautions for Use

- Before using the TYPE S BUSHING FULL DIES, consider the following precautions:
 - Ensure that the die is compatible with the cartridge you are using (26 Nosler).
 - Do not exceed the recommended pressure limits when resizing cases.
 - Use the adjustable decapping rod carefully to avoid injury.
 - Be cautious of sharp edges on the dies; handle with care.
 - Always wear safety glasses to protect your eyes from debris during operation.
 - Keep hands and body clear of moving parts when in operation.

Instructions for Installation and Usage

- Follow these steps for the proper installation and usage of the TYPE S BUSHING FULL DIES:

1. Installation:

- Ensure that your reloading press is properly set up and secure.
- Remove any previous dies from the press.
- Install the TYPE S BUSHING FULL DIE into the press according to the manufacturer's instructions.
- Adjust the die to the desired position for resizing.

2. Usage:

- Prepare your cartridge cases by cleaning them thoroughly.
- Insert the cartridge case into the die.
- Use the adjustable decapping rod to set the bushing position as needed.
- Operate the press to resize the case, ensuring that the die remains stable throughout the process.
- After resizing, remove the case and inspect it for proper sizing and any defects.
- Repeat the process for additional cases as needed.

Disposal Instructions

- Proper disposal of the TYPE S BUSHING FULL DIES is important:
 - If the product is no longer usable, dispose of it in accordance with local regulations.
 - Do not dispose of the dies in regular household waste.
 - Contact local waste management authorities for guidance on hazardous materials disposal if applicable.

Contact Information for Further Support

- For any questions or concerns regarding the TYPE S BUSHING FULL DIES, please refer to the manufacturer's contact information provided in the product packaging or documentation.

Conclusion

By following these safety instructions and guidelines, you can ensure a safe and effective experience with the TYPE S BUSHING FULL DIES REDDING 26 NOSLER. Always prioritize safety and adhere to the instructions provided. Thank you for your attention to these important safety measures.
