

# COMPETITION SEATER DIES - REDDING 30 NOSLER BULLET SEATING DIE

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

We feel the Redding Competition Bullet Seater is the best bullet 7/8-14 bullet seater on the market today. The machining is precise, and the sliding chamber is the smoothest we have ever experienced in a seater. This micrometer-adjustable die is calibrated in .001"" increments for precise seating depth adjustments and is infinitely adjustable (no clicks). It also has a zero set feature that allows you to zero the micrometer to your favorite seating depth. Sold separately or as part of a set. Also available for handgun and straight wall cartridges.

# Safety Instructions for the Redding Competition Seater Die

## Introduction

Thank you for choosing the Redding Competition Seater Die for your reloading needs. This product is designed to provide precision and ease of use when seating bullets. To ensure your safety and the safe operation of this product, please read and follow the guidelines outlined in this document.

## General Safety Guidelines

- Always use the die according to the manufacturer's instructions.
- Ensure that the work area is clean and free from any distractions.
- Wear appropriate safety gear, including eye protection, when handling reloading equipment.
- Keep the die and all reloading components out of reach of children and unauthorized users.
- Be aware of your surroundings and ensure that no one is in close proximity when operating the die.
- Regularly inspect the die for any signs of wear or damage before use.
- If you encounter any issues or have questions, seek assistance from knowledgeable personnel.

## Specific Safety Precautions for Use

- Do not exceed the manufacturer's recommended seating depth adjustments.
- Ensure that the die is properly secured in the reloading press before use.
- Avoid using excessive force when seating bullets to prevent damage to the die and ensure consistent results.
- Always handle primers and powder with care, following all safety protocols for these materials.
- Store the die in a dry, secure location when not in use to prevent rust and damage.
- Do not modify the die or use it for purposes other than intended.

## Instructions for Installation and Usage

### 1. Installation

- Ensure that your reloading press is clean and free from debris.
- Securely attach the Redding Competition Seater Die to the reloading press using the 7/814 threads.
- Adjust the die to the desired height, ensuring it is firmly locked in place.

### 2. Usage

- Prepare your cases and ensure they are clean and properly sized.
- Set the micrometer to your preferred seating depth. The die is calibrated in .001" increments for precise adjustments.
- Place a bullet into the case mouth and position it under the die.
- Slowly lower the ram of the reloading press to seat the bullet. Avoid using excessive force.
- After seating, check the overall length of the cartridge to ensure it meets your specifications.
- Repeat the process for additional cartridges, making adjustments as necessary.

## Disposal Instructions

- Dispose of any unused or damaged components in accordance with local regulations.
- Do not dispose of the die in regular household waste. Check with local authorities for proper disposal methods for metal products.

## **Contact Information for Further Support**

For any inquiries or concerns regarding the Redding Competition Seater Die, please consult the manufacturer's website or contact their customer service directly. It is essential to have the product information and any relevant details ready when seeking assistance.

## **Conclusion**

Following these safety instructions will help ensure a safe and effective reloading experience with your Redding Competition Seater Die. Always prioritize safety and consult professionals if you have any doubts or questions regarding the use of this product. Thank you for your attention to these important guidelines.
