

TYPE S BUSHING FULL DIES - REDDING 22 NOSLER TYPE S BUSHING FULL LENGTH DIE

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Full Length resizing while maintaining exact control of the case neck is often desirable in one operation. The Redding Type S Bushing Full Length Sizing Dies accomplish this task with the precision you would expect from Redding. Uses the same interchangeable bushings as those used in Redding bushing style neck sizing dies. The adjustable decapping rod allows you to adjust the bushing position, sizing only part of the neck length when desired. Concentricity is enhanced by the ability of the bushing to self-center on the neck of the cartridge case. All Type S dies are supplied with both the standard size button and a decapping pin retainer. By removing the bushing and all internal parts, the Type S Bushing Full Die may also be used as a body die.

Attributes

- Name: [REDDING 22 NOSLER TYPE S BUSHING FULL LENGTH DIE](#)

Safety Instruction Guide for TYPE S BUSHING FULL DIES REDDING 22 NOSLER TYPE S BUSHING FULL LENGTH DIE

Introduction

Thank you for purchasing the TYPE S BUSHING FULL DIES REDDING 22 NOSLER TYPE S BUSHING FULL LENGTH DIE. This guide provides essential safety instructions and guidelines to ensure the safe use of this product in compliance with the EU General Product Safety Regulation (GPSR). Please read this guide thoroughly before using the product.

General Safety Guidelines

- Ensure that the product is used only for its intended purpose as specified in the product description.
- Always wear appropriate safety gear, including eye protection, when using this product.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the product for any signs of damage or wear before use.
- If you notice any defects or malfunctions, cease use immediately and consult a qualified technician.

Specific Safety Precautions for Use

- Always follow the manufacturer's instructions for installation and usage to avoid accidents.
- Ensure that the bushing is correctly positioned before resizing to prevent uneven neck sizing.
- Be cautious of sharp edges on the die and components; handle with care to prevent cuts or injuries.
- Use the adjustable decapping rod carefully to avoid damaging the cartridge case.
- Do not exceed the recommended operating pressures as specified in the manufacturer's guidelines.
- Avoid using the die in wet or damp conditions to prevent rust and corrosion.
- Store the product in a dry, cool place when not in use.

Instructions for Installation and Usage

1. Installation:

- Ensure that your reloading press is compatible with the TYPE S BUSHING FULL DIE.
- Securely mount the die in the press according to the manufacturer's instructions.
- Insert the appropriate bushing into the die, ensuring it is properly seated.

2. Usage:

- Prepare the cartridge case for resizing by cleaning and inspecting it for any damages.
- Insert the cartridge case into the die.
- Adjust the decapping rod as necessary to achieve the desired neck sizing.
- Operate the reloading press slowly and steadily to ensure even resizing.
- After resizing, remove the cartridge case from the die and inspect it for proper sizing.

Disposal Instructions

- Dispose of any damaged or worn components in accordance with local regulations.
- Do not dispose of the product in household waste. Contact local waste management services for proper disposal methods.

Contact Information for Further Support

For any inquiries or concerns regarding the safety and usage of the TYPE S BUSHING FULL DIES REDDING 22 NOSLER TYPE S BUSHING FULL LENGTH DIE, please refer to the manufacturer's contact information provided with the product.

Conclusion

By following these safety instructions and guidelines, you can ensure a safe and effective reloading experience with the TYPE S BUSHING FULL DIES REDDING 22 NOSLER TYPE S BUSHING FULL LENGTH DIE. Always prioritize safety and stay informed about best practices in reloading. Thank you for your attention to these important safety measures.
