

# TYPE S MATCH BUSHING FULL DIE SETS - REDDING 22 NOSLER BUSHING FULL LENGTH DIE SET

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The Redding Type S Match Bushing Full Die Set contains a Type S Bushing Full Sizing Die and a Competition Seating Die. The Type S Bushing Full Die allows full length resizing while maintaining exact control of the case neck. Interchangeable bushings allow you to determine your own level of sizing and neck tension. The Competition Bullet Seating Die features a micrometer calibrated in .001" increments and floating seating stem system which help eliminate concentricity problems.

# Redding Type S Match Bushing Full Die Set Safety Instructions

## Introduction

Thank you for choosing the Redding Type S Match Bushing Full Die Set for your reloading needs. This guide provides important safety instructions and guidelines to ensure the safe use of this product. Please read this manual carefully before using the die set.

## General Safety Guidelines

- Always wear appropriate safety gear, including safety glasses and gloves, when using reloading equipment.
- Ensure your workspace is clean, welllit, and free from distractions.
- Keep the die set and all reloading components out of reach of children and vulnerable individuals.
- Store the die set in a secure location when not in use.
- Follow all local laws and regulations regarding reloading and ammunition.

## Specific Safety Precautions for Use

- Inspect the die set for any visible damage before use. Do not use damaged components.
- Ensure that the bushing is properly installed and secured before resizing cases.
- Use only the recommended cartridges (22 Nosler) with this die set.
- Avoid overtightening the die in the press, as this may cause damage or malfunction.
- Always refer to reliable reloading manuals for load data and procedures.
- Do not exceed the recommended load limits for the cartridges you are reloading.

## Instructions for Installation and Usage

### 1. Setup:

- Place the die set on a stable reloading press.
- Ensure the press is securely mounted to prevent movement during operation.

### 2. Installing the Sizing Die:

- Remove the bushing from the die.
- Insert the bushing into the sizing die and secure it in place.
- Adjust the die to the correct height according to your reloading press instructions.

### 3. Resizing Cases:

- Insert the case into the press shell holder.
- Raise the ram to engage the die with the case.
- Lower the ram to complete the resizing process.

### 4. Installing the Seating Die:

- Insert the seating stem into the seating die.
- Adjust the seating die to the correct height based on your bullet specifications.

### 5. Seating Bullets:

- Place a resized case in the shell holder.

- Insert a bullet into the case mouth.
- Raise the ram to seat the bullet, then lower the ram to remove the completed round.

## **Disposal Instructions**

- Dispose of any unused or damaged reloading components in accordance with local regulations.
- Do not dispose of reloading materials in regular household waste.
- Contact your local waste management authority for proper disposal methods.

## **Contact Information for Further Support**

For any safety inquiries or additional support, please refer to the manufacturer's website or contact your local authorized dealer. Always ensure you have the latest information regarding safety recalls or product updates.

By following these safety instructions, you can ensure a safe and effective reloading experience with your Redding Type S Match Bushing Full Die Set. Thank you for your attention to safety.
