Safety Instruction Guide for SINGLE STAGE PRESS LEAD SKEET SPECIAL CHARGE BAR

Introduction

Thank you for choosing the SINGLE STAGE PRESS LEAD SKEET SPECIAL CHARGE BAR by MEC RELOADING. This product is designed to enhance your reloading experience for lead shot in skeet shooting. To ensure safe and effective use, please read and follow these safety instructions carefully.

General Safety Guidelines

- Ensure that you are familiar with the operation of your reloading press and related equipment before use.
- Always wear appropriate personal protective equipment, including safety glasses and gloves, when handling reloading materials.
- Keep the workspace clean and organized to prevent accidents.
- Store all reloading components, including this charge bar, in a cool, dry place away from direct sunlight and moisture.
- Never exceed the recommended load specifications provided by the manufacturer.
- Be aware of your surroundings and ensure that children and pets are kept at a safe distance while reloading.

Specific Safety Precautions for Use

- Do not use the SINGLE STAGE PRESS LEAD SKEET SPECIAL CHARGE BAR for any purpose other than intended.
- Inspect the charge bar for any signs of damage before each use. If damaged, do not use the product and contact the manufacturer for guidance.
- Keep hands and clothing away from moving parts during operation to avoid injury.
- Avoid distractions while operating the reloading press; focus on the task at hand.
- In case of a malfunction, stop using the product immediately and refer to the troubleshooting section of your reloading press manual.

Instructions for Installation and Usage

1. Installation:

- Ensure the reloading press is securely mounted on a stable surface.
- Follow the manufacturer's instructions for attaching the SINGLE STAGE PRESS LEAD SKEET SPECIAL CHARGE BAR to your reloading press.
- Make sure all connections are tight and secure before proceeding.

2. Usage:

- Measure the desired amount of lead shot using the charge bar, ensuring it is set to the correct weight (7/8 oz).
- Load the measured lead shot into the appropriate shell casing as per your reloading press instructions.
- Follow all safety precautions while operating the press, including wearing protective gear and maintaining a clean workspace.
- After use, clean the charge bar according to the manufacturer's recommendations to maintain its functionality.

Disposal Instructions

- Dispose of any unused or expired reloading materials in accordance with local regulations.
- Recycle packaging materials where possible.
- Do not dispose of hazardous materials in regular trash. Contact local waste management authorities for proper disposal methods.

Contact Information for Further Support

For any safety inquiries or further support regarding the SINGLE STAGE PRESS LEAD SKEET SPECIAL CHARGE BAR, please refer to the manufacturer's contact details provided with your product packaging or on their official website.

By adhering to these safety instructions, you can ensure a safe and enjoyable reloading experience. Stay informed about safety practices and regularly check for updates or recalls related to your reloading equipment.
