

RIFLE CLEANING RODS - BORE TECH 17 CALIBER 44" CLEANING ROD

[Gun Cleaning & Chemicals](#) > [Cleaning Rods & Accessories](#) > [Cleaning Rods](#)

The Bore Tech Proof Positive Bore Stix feature a proprietary alloy ferrule which eliminates any false indication of copper fouling in your bore. This paired with a new chemically resistant coating make the Proof Positive rods some of the finest available. Proof Positive Bore Stix feature caliber-specific steel cores with a cushioned ball bearing handle, which effortlessly follows your barrel rifling. The ergonomic, cushioned handle prevents any damage to your rifle stock. Proof Positive Jags sold separately. Here's a list of Proof Positive Bore Stix features: - Proprietary alloy and secondary treatment process eliminates false copper reading - As soft and safe as brass with exceptional strength to prevent damage during use - Female ended ferrule is machined to provide an edge-free transition between rod and Proof Positive Jag. Eliminates the need for adaptors. - Highly advanced rod coating that provides anti-wear characteristics and prevents debris from embedding - Ergonomic, cushioned handle with an unparalleled ball bearing system. All .17 & .20 caliber rods use 5-40 threads. All others are 8-32.

Safety Instruction Guide for Bore Tech Proof Positive Bore Stix

Introduction

Thank you for choosing the Bore Tech Proof Positive Bore Stix for your rifle cleaning needs. This guide provides essential safety instructions to ensure the safe and effective use of the cleaning rods. Please read this document carefully before using the product.

General Safety Guidelines

- Always ensure that the firearm is unloaded before cleaning.
- Store the cleaning rods in a safe place, out of reach of children.
- Inspect the cleaning rod for any signs of damage or wear before use.
- Use the cleaning rods only for their intended purpose.
- Follow all local laws and regulations regarding firearm maintenance and cleaning.

Specific Safety Precautions for Use

- Always wear safety glasses when cleaning your rifle to protect your eyes from debris.
- Do not apply excessive force when using the cleaning rod to avoid damaging the bore.
- Ensure that the cleaning rod is compatible with your rifle caliber to prevent accidents.
- Avoid using the cleaning rods in wet or damp environments to prevent rusting.
- Do not leave the cleaning rods unattended while in use.

Instructions for Installation and Usage

1. Preparation

- Ensure your firearm is completely unloaded and pointed in a safe direction.
- Gather all necessary cleaning supplies, including the Bore Tech Proof Positive Bore Stix.

2. Using the Cleaning Rod

- Select the appropriate Bore Stix based on your rifle's caliber.
- Attach the cleaning jag securely to the end of the cleaning rod.
- Insert the cleaning rod into the bore, ensuring it follows the rifling without forcing it.
- Pull the cleaning rod through the bore with a smooth, steady motion. Avoid jerking or yanking.

3. PostCleaning Care

- After cleaning, wipe down the cleaning rod with a soft cloth to remove any residue.
- Store the cleaning rod in a dry environment to prevent corrosion.
- Regularly inspect the cleaning rod for any signs of wear or damage.

Disposal Instructions

- Dispose of any worn or damaged cleaning rods in accordance with local waste disposal regulations.
- Do not dispose of cleaning rods in regular household waste if they are still in usable condition; consider donating or recycling.

Contact Information for Further Support

For any safety inquiries or concerns regarding the Bore Tech Proof Positive Bore Stix, please refer to the manufacturer's contact information provided with the product packaging or visit the manufacturer's website.

Conclusion

Following these safety instructions will help ensure a safe and effective cleaning experience with your Bore Tech Proof Positive Bore Stix. Always prioritize safety and compliance with local laws when handling firearms and cleaning equipment. Thank you for your attention to these important guidelines.
