

RIFLE CLEANING RODS - BORE TECH 22 CALIBER 25" CLEANING ROD

[Gun Cleaning & Chemicals](#) > [Cleaning Rods & Accessories](#) > [Cleaning Rods](#)

The Bore Tech Proof Positive Bore Stix feature a proprietary alloy ferrule which eliminates any false indication of copper fouling in your bore. This paired with a new chemically resistant coating make the Proof Positive rods some of the finest available. Proof Positive Bore Stix feature caliber-specific steel cores with a cushioned ball bearing handle, which effortlessly follows your barrel rifling. The ergonomic, cushioned handle prevents any damage to your rifle stock. Proof Positive Jags sold separately. Here's a list of Proof Positive Bore Stix features: - Proprietary alloy and secondary treatment process eliminates false copper reading - As soft and safe as brass with exceptional strength to prevent damage during use - Female ended ferrule is machined to provide an edge-free transition between rod and Proof Positive Jag. Eliminates the need for adaptors. - Highly advanced rod coating that provides anti-wear characteristics and prevents debris from embedding - Ergonomic, cushioned handle with an unparalleled ball bearing system. All .17 & .20 caliber rods use 5-40 threads. All others are 8-32.

Safety Instruction Guide for Bore Tech 22 Caliber 25" Cleaning Rod

Introduction

Thank you for choosing the Bore Tech 22 Caliber 25" Cleaning Rod. This guide is designed to ensure the safe use of your cleaning rod while complying with the EU General Product Safety Regulation (GPSR). Please read this document carefully to understand how to use the product safely and effectively.

General Safety Guidelines

- Always use the cleaning rod as intended, following the instructions provided.
- Keep the cleaning rod out of reach of children and vulnerable individuals.
- Inspect the cleaning rod for any signs of damage or wear before use.
- Do not use the cleaning rod if it appears damaged or malfunctioning.
- Report any unsafe products or accidents to the relevant authorities.
- Stay informed about recall updates through the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Ensure you are using the correct caliber cleaning rod for your firearm.
- Do not force the cleaning rod through the bore; this may cause damage.
- Use the ergonomic, cushioned handle to maintain a firm grip during use.
- Avoid using excessive force when cleaning to prevent injury or damage to the firearm.
- Always clean your firearm in a wellventilated area.
- Follow all firearm safety guidelines while using the cleaning rod.

Instructions for Installation and Usage

1. Preparation

- Ensure the firearm is unloaded and pointed in a safe direction.
- Gather all necessary cleaning supplies, including cleaning patches and solvents.

2. Using the Cleaning Rod

- Attach the appropriate Proof Positive Jag to the cleaning rod.
- Insert the cleaning rod into the bore, ensuring it follows the barrel rifling.
- Use a gentle, backandforth motion to clean the bore.
- Avoid using the cleaning rod at an angle to prevent damage to the rifling.

3. PostCleaning

- After cleaning, remove the cleaning rod and jag from the bore.
- Inspect the cleaning rod for any debris or damage.
- Clean the cleaning rod as per the manufacturer's instructions to maintain its condition.

Disposal Instructions

- Dispose of the cleaning rod responsibly at the end of its life.
- Check local regulations for guidance on disposing of metal products.
- Do not dispose of the cleaning rod in general waste; consider recycling options.

Contact Information for Further Support

For any inquiries related to safety, usage, or product support, please refer to the contact information provided by the manufacturer or retailer where the product was purchased.

Thank you for your attention to these safety guidelines. Proper use of the Bore Tech 22 Caliber 25" Cleaning Rod will help ensure a safe and effective cleaning experience for your firearm.
