

RIFLE CLEANING RODS - BORE TECH 22 CALIBER 40" CLEANING ROD

[Gun Cleaning & Chemicals](#) > [Cleaning Rods & Accessories](#) > [Cleaning Rods](#)

The Bore Tech Proof Positive Bore Stix feature a proprietary alloy ferrule which eliminates any false indication of copper fouling in your bore. This paired with a new chemically resistant coating make the Proof Positive rods some of the finest available. Proof Positive Bore Stix feature caliber-specific steel cores with a cushioned ball bearing handle, which effortlessly follows your barrel rifling. The ergonomic, cushioned handle prevents any damage to your rifle stock. Proof Positive Jags sold separately. Here's a list of Proof Positive Bore Stix features: - Proprietary alloy and secondary treatment process eliminates false copper reading - As soft and safe as brass with exceptional strength to prevent damage during use - Female ended ferrule is machined to provide an edge-free transition between rod and Proof Positive Jag. Eliminates the need for adaptors. - Highly advanced rod coating that provides anti-wear characteristics and prevents debris from embedding - Ergonomic, cushioned handle with an unparalleled ball bearing system. All .17 & .20 caliber rods use 5-40 threads. All others are 8-32.

Safety Instruction Guide for RIFLE CLEANING RODS BORE TECH 22 CALIBER 40" CLEANING ROD

Introduction

Thank you for choosing the Bore Tech Proof Positive Bore Stix. This cleaning rod is designed to provide an efficient and safe way to clean your rifle. Please read this safety instruction guide carefully to ensure proper use and maintenance of the product.

General Safety Guidelines

- Always ensure that the firearm is unloaded before using the cleaning rod.
- Keep the cleaning rod and accessories out of reach of children and vulnerable individuals.
- Inspect the cleaning rod for any damage before each use. Do not use if damaged.
- Use only the appropriate caliberspecific accessories with this cleaning rod.
- Follow all manufacturer instructions for cleaning and maintenance.
- Report any unsafe conditions or accidents to the relevant authorities.

Specific Safety Precautions for Use

- Use the cleaning rod in a wellventilated area to avoid inhaling any cleaning solvents or debris.
- Wear safety goggles and gloves when using cleaning solvents to protect your eyes and skin.
- Avoid using excessive force when cleaning to prevent damage to the rifle or the cleaning rod.
- Do not leave the cleaning rod unattended during use.
- Ensure that the rod is properly aligned with the bore to avoid bending or breaking.

Instructions for Installation and Usage

1. Preparation:

- Ensure your firearm is completely unloaded.
- Gather all necessary cleaning supplies, including the Bore Tech Proof Positive Bore Stix and any cleaning solvents.

2. Using the Cleaning Rod:

- Insert the cleaning rod into the bore of the rifle, ensuring that it follows the barrel rifling.
- If using a jag, ensure it is securely attached to the end of the rod.
- Apply cleaning solvent to the cleaning patch or jag before inserting it into the bore.
- Gently push the rod through the bore from the chamber to the muzzle. Do not force it.
- Repeat the process as necessary, using fresh patches or jags for optimal cleaning.

3. PostCleaning Care:

- After cleaning, wipe down the cleaning rod with a soft cloth to remove any residue.
- Store the cleaning rod in a dry place, away from direct sunlight and moisture.

Disposal Instructions

- Dispose of any used cleaning patches and solvents according to local regulations.
- Do not dispose of the cleaning rod in regular household waste if it is damaged. Check with local recycling programs for proper disposal methods.

Contact Information for Further Support

For any inquiries regarding the safety and use of the Bore Tech Proof Positive Bore Stix, please reach out to your local retailer or visit the Bore Tech website for more information.

By following these guidelines, you can ensure a safe and effective cleaning experience with your Bore Tech cleaning rod. Thank you for your attention to safety!
