

# RIFLE CLEANING RODS - BORE TECH 22 CALIBER 40" CLEANING ROD

[Gun Cleaning & Chemicals](#) > [Cleaning Rods & Accessories](#) > [Cleaning Rods](#)

The Bore Tech Proof Positive Bore Stix feature a proprietary alloy ferrule which eliminates any false indication of copper fouling in your bore. This paired with a new chemically resistant coating make the Proof Positive rods some of the finest available. Proof Positive Bore Stix feature caliber-specific steel cores with a cushioned ball bearing handle, which effortlessly follows your barrel rifling. The ergonomic, cushioned handle prevents any damage to your rifle stock. Proof Positive Jags sold separately. Here's a list of Proof Positive Bore Stix features: - Proprietary alloy and secondary treatment process eliminates false copper reading - As soft and safe as brass with exceptional strength to prevent damage during use - Female ended ferrule is machined to provide an edge-free transition between rod and Proof Positive Jag. Eliminates the need for adaptors. - Highly advanced rod coating that provides anti-wear characteristics and prevents debris from embedding - Ergonomic, cushioned handle with an unparalleled ball bearing system. All .17 & .20 caliber rods use 5-40 threads. All others are 8-32.

# Safety Instruction Guide for Bore Tech 22 Caliber 40" Cleaning Rod

## Introduction

Thank you for choosing the Bore Tech ProofPositive Bore Stix, 22 Cal 40 inch Cleaning Rod. This guide provides important safety instructions to ensure safe and effective use of the product. Please read this guide carefully before using the cleaning rod.

## General Safety Guidelines

- Always use the cleaning rod according to the manufacturer's instructions.
- Keep the cleaning rod out of reach of children and vulnerable individuals.
- Inspect the cleaning rod for any signs of damage before each use.
- Do not use the cleaning rod for any purpose other than cleaning firearms.
- Ensure the firearm is unloaded and in a safe condition before using the cleaning rod.
- Follow all local laws and regulations regarding firearm maintenance and cleaning.

## Specific Safety Precautions for Use

- Use protective eyewear when cleaning firearms to protect against potential debris.
- Avoid using excessive force when inserting or removing the cleaning rod to prevent damage to the firearm or the rod.
- Do not use the cleaning rod in a manner that could cause injury to yourself or others.
- Ensure that the cleaning rod is compatible with your firearm's caliber (22 Caliber .223.224).
- Store the cleaning rod in a safe, dry location when not in use.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure that the firearm is completely unloaded.
- Gather all necessary cleaning supplies, including cleaning solvent, patches, and the cleaning rod.

### 2. Using the Cleaning Rod:

- Attach the appropriate cleaning brush or patch holder to the end of the cleaning rod.
- Insert the cleaning rod into the chamber of the firearm, ensuring it is aligned properly.
- Gently push the rod through the barrel, allowing it to clean the bore. Avoid using excessive force.
- Pull the cleaning rod back out of the barrel, taking care to remove any debris or patches.

### 3. PostCleaning:

- Inspect the cleaning rod for any damage after use.
- Clean the cleaning rod with a suitable solvent and store it properly.
- Dispose of any used patches or cleaning materials in accordance with local regulations.

## Disposal Instructions

- Dispose of the cleaning rod in accordance with local waste disposal regulations if it becomes damaged beyond repair.
- Do not throw away the cleaning rod in regular household waste if it contains hazardous materials.

## Contact Information for Further Support

For any safety inquiries or concerns regarding the Bore Tech cleaning rod, please contact the manufacturer directly through their official channels. Ensure that you have the product information ready for reference.

By following these safety instructions, you can help ensure a safe and effective cleaning experience with your Bore Tech 22 Caliber 40" Cleaning Rod. Always prioritize safety and compliance with local laws during firearm maintenance.
