

# RIFLE CLEANING RODS - BORE TECH 22 CALIBER 48" CLEANING ROD

[Gun Cleaning & Chemicals](#) > [Cleaning Rods & Accessories](#) > [Cleaning Rods](#)

The Bore Tech Proof Positive Bore Stix feature a proprietary alloy ferrule which eliminates any false indication of copper fouling in your bore. This paired with a new chemically resistant coating make the Proof Positive rods some of the finest available. Proof Positive Bore Stix feature caliber-specific steel cores with a cushioned ball bearing handle, which effortlessly follows your barrel rifling. The ergonomic, cushioned handle prevents any damage to your rifle stock. Proof Positive Jags sold separately. Here's a list of Proof Positive Bore Stix features: - Proprietary alloy and secondary treatment process eliminates false copper reading - As soft and safe as brass with exceptional strength to prevent damage during use - Female ended ferrule is machined to provide an edge-free transition between rod and Proof Positive Jag. Eliminates the need for adaptors. - Highly advanced rod coating that provides anti-wear characteristics and prevents debris from embedding - Ergonomic, cushioned handle with an unparalleled ball bearing system. All .17 & .20 caliber rods use 5-40 threads. All others are 8-32.

# Safety Instruction Guide for Bore Tech 22 Caliber 48" Cleaning Rod

## Introduction

Thank you for choosing the Bore Tech Proof Positive Bore Stix. This cleaning rod is designed to provide a safe and effective way to maintain your firearm. It is essential to follow the safety guidelines and instructions outlined in this document to ensure safe usage and to protect yourself and others.

## General Safety Guidelines

- Always handle cleaning rods with care to avoid injury.
- Keep the cleaning rod out of reach of children and vulnerable individuals.
- Inspect the cleaning rod for any signs of damage before use.
- Do not use the cleaning rod for purposes other than cleaning firearms.
- Store the cleaning rod in a safe and dry location when not in use.
- Be aware of your surroundings and ensure that no one is in the vicinity when cleaning your firearm.

## Specific Safety Precautions for Use

- Ensure the firearm is unloaded before using the cleaning rod.
- Always wear safety glasses to protect your eyes from potential debris.
- Use the cleaning rod in a wellventilated area to avoid inhaling any cleaning solvents.
- Do not apply excessive force when using the cleaning rod; let the rod do the work.
- Follow the manufacturer's recommendations for cleaning solvents and lubricants.
- If you experience any resistance while using the cleaning rod, stop immediately and check for obstructions.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure that your firearm is completely unloaded and pointed in a safe direction.
- Gather all necessary cleaning supplies, including the Bore Tech cleaning rod, cleaning patches, and solvent.

### 2. Installation:

- Attach the appropriate Proof Positive Jag to the end of the cleaning rod. Ensure it is securely fastened.
- Select a cleaning patch that fits your caliber and attach it to the jag.

### 3. Usage:

- Apply the recommended cleaning solvent to the patch.
- Insert the cleaning rod into the barrel from the breech end, ensuring it follows the barrel rifling.
- Gently push the cleaning rod through the barrel and pull it back out. Repeat as necessary until the barrel is clean.
- After cleaning, remove the jag and patch from the cleaning rod.

### 4. PostUsage:

- Clean the cleaning rod with a suitable solvent to remove any residue.

- Store the cleaning rod in a safe location, away from children and pets.

## **Disposal Instructions**

- Dispose of used cleaning patches and solvents according to local regulations.
- Do not dispose of the cleaning rod in regular household waste. Check with local waste management facilities for proper disposal methods.

## **Contact Information for Further Support**

- For any safety inquiries or concerns regarding the Bore Tech cleaning rod, please refer to the manufacturer's website or customer service for assistance.

Thank you for your attention to these safety instructions. Following these guidelines will help ensure a safe and effective cleaning experience with your Bore Tech Proof Positive Bore Stix.
