

# RIFLE CLEANING RODS - BORE TECH 6MM 40" CLEANING ROD

[Gun Cleaning & Chemicals](#) > [Cleaning Rods & Accessories](#) > [Cleaning Rods](#)

The Bore Tech Proof Positive Bore Stix feature a proprietary alloy ferrule which eliminates any false indication of copper fouling in your bore. This paired with a new chemically resistant coating make the Proof Positive rods some of the finest available. Proof Positive Bore Stix feature caliber-specific steel cores with a cushioned ball bearing handle, which effortlessly follows your barrel rifling. The ergonomic, cushioned handle prevents any damage to your rifle stock. Proof Positive Jags sold separately. Here's a list of Proof Positive Bore Stix features: - Proprietary alloy and secondary treatment process eliminates false copper reading - As soft and safe as brass with exceptional strength to prevent damage during use - Female ended ferrule is machined to provide an edge-free transition between rod and Proof Positive Jag. Eliminates the need for adaptors. - Highly advanced rod coating that provides anti-wear characteristics and prevents debris from embedding - Ergonomic, cushioned handle with an unparalleled ball bearing system. All .17 & .20 caliber rods use 5-40 threads. All others are 8-32.

## Attributes

- Name: [BORE TECH 6MM 40" CLEANING ROD](#)

# Safety Instruction Guide for RIFLE CLEANING RODS BORE TECH 6MM 40" CLEANING ROD

## Introduction

Thank you for choosing the Bore Tech Proof Positive Bore Stix. This product is designed to provide effective cleaning for your rifle while ensuring safety during use. Please read this safety instruction guide carefully to understand how to use the product safely and effectively.

## General Safety Guidelines

- Ensure that the product is used only for its intended purpose, which is cleaning rifle bores.
- Always handle cleaning rods with care to prevent injury.
- Keep the cleaning rods out of reach of children and vulnerable individuals.
- Inspect the cleaning rod for any signs of damage before each use. Do not use if damaged.
- Store the cleaning rods in a safe and dry place when not in use.

## Specific Safety Precautions for Use

- Always wear appropriate eye protection when cleaning your rifle to prevent debris from entering your eyes.
- Ensure that the rifle is unloaded and pointed in a safe direction before beginning the cleaning process.
- Avoid excessive force when using the cleaning rod to prevent damage to the rifle bore.
- Do not use the cleaning rod if you are unsure about its compatibility with your rifle caliber.
- Keep your hands dry and clean to maintain a firm grip on the cleaning rod.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure that the rifle is completely unloaded.
- Gather all necessary cleaning supplies, including the Bore Tech Proof Positive Bore Stix and cleaning solvents.

### 2. Using the Cleaning Rod:

- Select the appropriate caliberspecific Proof Positive Bore Stix for your rifle.
- Attach the Proof Positive Jag (sold separately) to the end of the cleaning rod.
- Apply a small amount of cleaning solvent to the Jag.
- Carefully insert the cleaning rod into the rifle bore, ensuring it follows the rifling smoothly.
- Pull the cleaning rod through the bore gently. Avoid using excessive force.
- Repeat as necessary until the bore is clean.

### 3. After Use:

- Clean the cleaning rod with a suitable solvent and dry it thoroughly.
- Store the cleaning rod in a safe location away from moisture and direct sunlight.

## Disposal Instructions

- Dispose of any cleaning solvents and materials according to local regulations.
- If the cleaning rod is damaged beyond repair, dispose of it in a manner that prevents injury to others.
