

# RIFLE CLEANING RODS - BORE TECH 6MM 56" CLEANING ROD

[Gun Cleaning & Chemicals](#) > [Cleaning Rods & Accessories](#) > [Cleaning Rods](#)

The Bore Tech Proof Positive Bore Stix feature a proprietary alloy ferrule which eliminates any false indication of copper fouling in your bore. This paired with a new chemically resistant coating make the Proof Positive rods some of the finest available. Proof Positive Bore Stix feature caliber-specific steel cores with a cushioned ball bearing handle, which effortlessly follows your barrel rifling. The ergonomic, cushioned handle prevents any damage to your rifle stock. Proof Positive Jags sold separately. Here's a list of Proof Positive Bore Stix features: - Proprietary alloy and secondary treatment process eliminates false copper reading - As soft and safe as brass with exceptional strength to prevent damage during use - Female ended ferrule is machined to provide an edge-free transition between rod and Proof Positive Jag. Eliminates the need for adaptors. - Highly advanced rod coating that provides anti-wear characteristics and prevents debris from embedding - Ergonomic, cushioned handle with an unparalleled ball bearing system. All .17 & .20 caliber rods use 5-40 threads. All others are 8-32.

## Attributes

# Safety Instruction Guide for Bore Tech 6mm 56" Cleaning Rod

## Introduction

Thank you for choosing the Bore Tech Proof Positive Bore Stix. This guide provides important safety information to ensure the safe use of your cleaning rod. Please read and understand these instructions before using the product.

## General Safety Guidelines

- Always use the cleaning rod as intended and according to the manufacturer's instructions.
- Keep the cleaning rod out of reach of children and vulnerable individuals.
- Inspect the cleaning rod for any signs of damage before each use. Do not use if damaged.
- Ensure that the cleaning rod is compatible with your firearm caliber.
- Avoid using excessive force when cleaning to prevent damage to your firearm.
- Always wear appropriate eye protection when cleaning firearms.
- Store the cleaning rod in a safe and dry place when not in use.

## Specific Safety Precautions for Use

- **Potential Hazards:**
  - Injury from improper use of the cleaning rod.
  - Damage to the firearm if the cleaning rod is not used correctly.
  - Risk of false indications of copper fouling if the cleaning rod is not compatible.
- **Instructions for Avoiding Hazards:**
  - Use the cleaning rod with a compatible caliber-specific jag.
  - Follow the ergonomic guidelines to prevent strain or injury.
  - Always clean the barrel in the direction of the rifling to prevent damage.
  - Do not leave the cleaning rod unattended while in use.
- **Age or Audience-Specific Warnings:**
  - This product is not intended for use by children without adult supervision.
  - Ensure that inexperienced users are guided by someone knowledgeable in firearm maintenance.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure that your firearm is unloaded and pointed in a safe direction.
- Gather all necessary cleaning supplies, including the Bore Tech cleaning rod and compatible jags.

### 2. Using the Cleaning Rod:

- Attach the appropriate Proof Positive Jag to the end of the cleaning rod.
- Insert the cleaning rod into the barrel, ensuring it follows the rifling without excessive force.
- Use a back-and-forth motion to clean the barrel thoroughly.
- Periodically remove the cleaning rod to check for fouling and debris.

### **3. PostCleaning:**

- After cleaning, remove the jag and clean the rod with a suitable solvent to prevent residue buildup.
- Store the cleaning rod in a protective case or safe location.

## **Disposal Instructions**

- Dispose of the cleaning rod in accordance with local regulations.
- If the cleaning rod is damaged or no longer usable, consider recycling the metal parts where possible.
- Do not throw the cleaning rod in regular household waste if it can be recycled.

## **Contact Information for Further Support**

For questions or concerns regarding the safety and use of the Bore Tech cleaning rod, please refer to the manufacturer's website or contact your retailer for assistance.

## **Conclusion**

By following these safety instructions, you can ensure a safe and effective cleaning experience with your Bore Tech Proof Positive Bore Stix. Regular maintenance and proper handling will help extend the life of both your cleaning rod and firearm. Thank you for prioritizing safety.
