

E-ZEE PRIME HAND PRIMING TOOL - LYMAN E-ZEE PRIME HAND PRIMING TOOL

[Reloading](#) > [Priming Tools](#) > [Hand Tools](#)

Lyman's tray-fed E-ZEE Prime Hand Priming Tool allows you to seat primers the way a lot of reloaders still prefer to do it: by hand. The two included trays - for large and small primers - feature integrated shut-off gates to prevent primer spillage, and let you flip the primers to orient them correctly for seating. An ergonomically shaped handle prevents hand fatigue and gives you plenty of leverage to seat primers, while still providing the "feel" you need to confirm complete seating. Accepts standard shellholders from Lyman and the other popular makers.

Attributes

- Name: [LYMAN E-ZEE PRIME HAND PRIMING TOOL](#)
- Manufacturer: [LYMAN](#)
- Product no.: 749101805

EZEE Prime Hand Priming Tool Safety Instructions

Introduction

Thank you for choosing the Lyman EZEE Prime Hand Priming Tool. This manual provides essential safety instructions to ensure safe and effective use of the product. Please read this guide carefully before using the tool to familiarize yourself with its features and safety precautions.

General Safety Guidelines

- Always handle primers with care to avoid accidental ignition.
- Keep the work area clean, dry, and welllit to prevent accidents.
- Store the tool and primers in a secure location, out of reach of children and pets.
- Wear safety glasses to protect your eyes from any potential debris during use.
- Avoid using the tool in the presence of flammable materials or in an explosive atmosphere.
- Regularly inspect the tool for any signs of wear or damage before use.

Specific Safety Precautions for Use

- Ensure that the tool is used only for its intended purpose—seating primers.
- Do not exceed the recommended capacity of the trays for large and small primers.
- Always check the orientation of the primers in the tray before seating them.
- Do not attempt to modify or disassemble the tool.
- If you experience any difficulty while using the tool, stop immediately and consult the troubleshooting section of this manual.
- Keep fingers away from the primer seating area while operating the tool.

Instructions for Installation and Usage

Installation

1. Set Up the Tool:

- Choose a stable and flat surface for use.
- Place the EZEE Prime Hand Priming Tool on the surface.
- Select the appropriate tray for the size of the primers you will be using (large or small).
- Insert the tray securely into the tool as per the manufacturer's instructions.

Usage

1. Loading Primers:

- Fill the tray with primers, ensuring they are oriented correctly.
- Use the integrated shutoff gates to prevent spillage during this process.

2. Seating Primers:

- Hold the tool with one hand on the handle and the other hand guiding the shell holder.
- Apply steady pressure to the handle to seat the primer into the case.
- Ensure you feel a firm resistance to confirm proper seating of the primer.

3. PostUse:

- After use, remove any remaining primers from the tray and store them safely.
- Clean the tool as necessary to maintain its condition.

Disposal Instructions

- Dispose of the tool and any unused primers in accordance with local regulations.
- Do not throw away primers in regular trash. Contact local authorities for proper disposal methods.
- Ensure that the tool is no longer usable before disposing of it to prevent accidental use.

Contact Information for Further Support

For any safety inquiries or further assistance, please contact the manufacturer or your local distributor.

By following these safety instructions, you can ensure a safe and effective experience with the Lyman EZEE Prime Hand Priming Tool. Thank you for prioritizing safety in your reloading activities.
