

REMINGTON 700 FACTORY CONTOUR PRE-THREADED BARREL - SHILEN PRE-THREADED/CHMBRD REM 700 VARMINT CONTOUR 6.5 CREED CM

[Rifle Parts](#) > [Barrel Parts](#) > [Rifle Barrels](#)

Fits Remington Factory Stocks With Little-To-No Modification

Made for Brownells by Shilen to match the factory contour. Upgrade the performance and accuracy of Remington 700 rifles without costly stock work. Match-grade, short-chambered barrels have the correct contour to drop into Remington factory or aftermarket stocks with little-to-no barrel channel modifications. Install with your factory recoil lug. Muzzle is cut at 90° to the bore and ready for crowning. After installation, use a hand-turned, finish reamer to deepen chamber until correct headspace is reached. (Correct headspace gauges and reamer required.)

Attributes

Safety Instruction Guide for REMINGTON 700 FACTORY CONTOUR PRETHREADED BARREL

Introduction

Thank you for choosing the REMINGTON 700 FACTORY CONTOUR PRETHREADED BARREL manufactured by Shilen. This guide provides essential safety instructions and guidelines to ensure the safe use and installation of your new barrel. Please read this document carefully before use.

General Safety Guidelines

- Always treat firearms and related components as if they are loaded.
- Ensure that the barrel is compatible with your Remington 700 rifle model.
- Use the barrel only in accordance with the manufacturer's instructions.
- Keep the barrel and all firearm components out of reach of children and unauthorized users.
- Regularly inspect the barrel for signs of wear or damage before each use.
- Follow all local laws and regulations regarding firearm modifications and usage.
- Report any unsafe products or incidents to the appropriate authorities.

Specific Safety Precautions for Use

- Ensure that the muzzle is cut at 90° to the bore before installation.
- Use a handturned finish reamer to deepen the chamber only after installation, ensuring correct headspace is achieved.
- Always wear appropriate safety gear, including eye protection, when handling firearms.
- Do not attempt to modify or alter the barrel beyond the manufacturer's specifications.
- If you are inexperienced in firearms assembly or modification, seek assistance from a qualified gunsmith.

Instructions for Installation and Usage

1. **Preparation:** Ensure you have all necessary tools and safety equipment before beginning installation.
2. **Remove the Existing Barrel:** Follow the manufacturer's instructions to safely remove the existing barrel from your Remington 700 rifle.
3. **Install the New Barrel:**
 - Align the new barrel with the factory recoil lug.
 - Ensure the barrel is properly seated and secured.
4. **Chambering:**
 - After installation, use a handturned finish reamer to deepen the chamber until the correct headspace is reached.
 - Use correct headspace gauges to verify the chamber depth.
5. **Final Inspection:** Inspect the installation to ensure all components are secure and functioning correctly.
6. **Test Fire:** Conduct a test fire in a safe and controlled environment to ensure the barrel performs as intended.

Disposal Instructions

- Dispose of the barrel in accordance with local regulations regarding firearm components.
- Do not dispose of the barrel in regular household waste.
- Consider recycling options for metal components where applicable.

Contact Information for Further Support

For any safety inquiries, product support, or concerns, please refer to the manufacturer's contact information or your local firearms authority.

By following these guidelines, you can ensure a safe and effective experience with your REMINGTON 700 FACTORY CONTOUR PRETHREADED BARREL. Thank you for your attention to safety.
