

# CONTOUR #5 BARREL - SHILEN 25 CALIBER 1-10 TWIST #5 STAINLESS BARREL

[Gunsmith Tools](#) > [Barrel Tools](#) > [Barrel Blanks](#)

## Contour #5 in Chrome Moly or Stainless Steel

All the loving care of the best stockmaker and the meticulous attention to detail of the master machinist will not make a gun shoot any straighter than the accuracy capability of the barrel used. And, it is the insides of a barrel, that very small and vital area of lands and grooves over which the gunsmith has no control, that can determine whether the finished work of art is for shooting - or "just for looks". Craftsmanship . . . not price . . . determines the quality of a barrel. But, by the same token, the customer willing to spend the money for a custom gun is shortsighted indeed, if he starts economizing and orders "just any old barrel so long as it's cheap". Furthermore, he is jeopardizing your reputation as a gun builder by making such a request. We, as your supplier, are laying our reputation (and yours, too!) on the line by offering you barrel blanks. They have got to be good or we are in trouble! Big trouble!! We must never sell you anything but that which will enlarge your stature with your trade. And, we feel that the Brownell Barrel, made for us by Ed Shilen, will do just that! Shilen barrels, either chrome moly or Stainless, are rifled with six lands and grooves by the "Cold Forming" process using carbide dies made in Shilen's own plant under the most rigid controls. This rifling method achieves extremely close inside uniformity from breech to muzzle. Finished barrels are air-gauge inspected (air-gauged sensitivity is .00005" - five-one-hundred-thousandths!) and 6X borescope inspected. All barrels, .22 through .30 caliber have groove tolerances within .0005" and uniformity within .0003" No straightening is done, and all barrels are completely stress-relieved. All stainless steel barrels are hand lapped at the factory. Only those barrels passing all spec tests are offered to the trade. Any barrel even slightly "suspect" is started through the production process again and bored to a large caliber. In no other way can quality and reputation be maintained. Slightly more expensive to produce - but vastly greater in quality and ultimate performance.

## Attributes

- Name: [SHILEN 25 CALIBER 1-10 TWIST #5 STAINLESS BARREL](#)
- Manufacturer: [SHILEN](#)
- Product no.: 787925105
- Mfr. No.: 257105SS
- Caliber: 25 Caliber (.257)
- Contour: #5
- Material: Stainless Steel
- Style: Match-Grade
- Twist: 1-10
- Delivery weight: 1.973kg
- Shipping height: 28mm
- Shipping width: 28mm
- Shipping length: 711mm

## Item details

Made in USA

US export classification: 0A501.c

# Safety Instruction Guide for CONTOUR #5 BARREL SHILEN 25 CALIBER 110 TWIST #5 STAINLESS BARREL

## Introduction

Thank you for choosing the CONTOUR #5 BARREL SHILEN 25 CALIBER 110 TWIST #5 STAINLESS BARREL. This guide provides essential safety instructions and guidelines to ensure the safe use of this product. Please read this document carefully before installation and usage, and keep it for future reference.

## General Safety Guidelines

- Always handle firearms and firearm components with care and respect.
- Ensure that you are familiar with local laws and regulations regarding firearm ownership and usage.
- Inspect the barrel for any visible defects or damages before installation.
- Store the barrel in a secure location, away from children and unauthorized individuals.
- Do not modify the barrel in any way that may compromise its integrity or safety.
- Follow all safety protocols provided by your firearm manufacturer.

## Specific Safety Precautions for Use

- Only use the barrel with compatible firearms as specified by the manufacturer.
- Be aware of the potential hazards associated with firearms, including accidental discharge.
- Always wear appropriate safety gear, such as eye protection and ear protection, when handling firearms.
- Ensure that the firearm is unloaded before attaching or detaching the barrel.
- Avoid using the barrel with ammunition that exceeds the specified caliber.
- If you notice any unusual performance or signs of wear during use, cease operation immediately and consult a qualified gunsmith.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure that the firearm is completely unloaded before beginning the installation process.
- Follow the manufacturer's guidelines for attaching the barrel to the firearm.
- Tighten all screws and fittings securely, but do not overtighten, as this may damage components.
- After installation, perform a visual inspection to confirm that the barrel is properly secured.

### 2. Usage:

- Always treat the firearm as if it is loaded, even if you believe it to be unloaded.
- Use the barrel in a safe and controlled environment, such as a designated shooting range.
- Follow all range rules and regulations while using the firearm.
- Regularly clean and maintain the barrel according to the manufacturer's instructions to ensure optimal performance.

## Disposal Instructions

- Dispose of the barrel and any associated materials in accordance with local regulations.
- Do not dispose of the barrel in regular household waste.
- Contact your local waste management authority for guidance on proper disposal methods.

## **Contact Information for Further Support**

For any safety inquiries or concerns regarding the CONTOUR #5 BARREL SHILEN 25 CALIBER 110 TWIST #5 STAINLESS BARREL, please consult the manufacturer's official website or customer service resources.

By following these safety guidelines and instructions, you can ensure a safe and enjoyable experience with your CONTOUR #5 BARREL SHILEN 25 CALIBER 110 TWIST #5 STAINLESS BARREL. Thank you for your attention to safety.
