

CONTOUR #5 BARREL - SHILEN 7MM 1-9 TWIST #5 STAINLESS BARREL

[Gunsmith Tools](#) > [Barrel Tools](#) > [Barrel Blanks](#)

Contour #5 in Chrome Moly or Stainless Steel

All the loving care of the best stockmaker and the meticulous attention to detail of the master machinist will not make a gun shoot any straighter than the accuracy capability of the barrel used. And, it is the insides of a barrel, that very small and vital area of lands and grooves over which the gunsmith has no control, that can determine whether the finished work of art is for shooting - or "just for looks". Craftsmanship . . . not price . . . determines the quality of a barrel. But, by the same token, the customer willing to spend the money for a custom gun is shortsighted indeed, if he starts economizing and orders "just any old barrel so long as it's cheap". Furthermore, he is jeopardizing your reputation as a gun builder by making such a request. We, as your supplier, are laying our reputation (and yours, too!) on the line by offering you barrel blanks. They have got to be good or we are in trouble! Big trouble!! We must never sell you anything but that which will enlarge your stature with your trade. And, we feel that the Brownell Barrel, made for us by Ed Shilen, will do just that! Shilen barrels, either chrome moly or Stainless, are rifled with six lands and grooves by the "Cold Forming" process using carbide dies made in Shilen's own plant under the most rigid controls. This rifling method achieves extremely close inside uniformity from breech to muzzle. Finished barrels are air-gauge inspected (air-gauged sensitivity is .00005" - five-one-hundred-thousandths!) and 6X borescope inspected. All barrels, .22 through .30 caliber have groove tolerances within .0005" and uniformity within .0003". No straightening is done, and all barrels are completely stress-relieved. All stainless steel barrels are hand lapped at the factory. Only those barrels passing all spec tests are offered to the trade. Any barrel even slightly "suspect" is started through the production process again and bored to a large caliber. In no other way can quality and reputation be maintained. Slightly more expensive to produce - but vastly greater in quality and ultimate performance.

Attributes

- Name: [SHILEN 7MM 1-9 TWIST #5 STAINLESS BARREL](#)
- Manufacturer: [SHILEN](#)
- Product no.: 787928105
- Mfr. No.: 7MM95SS
- Caliber: 284/7 mm (.284)
- Contour: #5
- Material: Stainless Steel
- Style: Match-Grade
- Twist: 1-9
- Delivery weight: 1.905kg
- Shipping height: 28mm
- Shipping width: 28mm
- Shipping length: 711mm

Safety Instruction Guide for CONTOUR #5 BARREL SHILEN 7MM 19 TWIST #5 STAINLESS BARREL

Introduction

Thank you for choosing the CONTOUR #5 BARREL SHILEN 7MM 19 TWIST #5 STAINLESS BARREL. This guide provides essential safety information to ensure the safe use and handling of your barrel. It is important to read and understand these instructions before installation and use. Adhering to these guidelines will help you avoid potential hazards and ensure optimal performance.

General Safety Guidelines

- Always handle firearms and firearm components with care and respect.
- Ensure that the barrel is compatible with your firearm before installation.
- Regularly inspect the barrel for any signs of damage or wear.
- Store the barrel in a safe and dry place, away from moisture and extreme temperatures.
- Follow all local laws and regulations regarding the purchase, ownership, and use of firearm components.

Specific Safety Precautions for Use

- Do not use the barrel if it shows signs of damage, such as cracks or excessive wear.
- Ensure that the barrel is properly installed by a qualified gunsmith or experienced individual.
- Always wear appropriate safety gear, including eye protection, when handling firearms.
- Never point the firearm at anything you do not intend to shoot.
- Keep the firearm unloaded until you are ready to use it.
- Be aware of your surroundings and ensure a safe shooting environment.

Instructions for Installation and Usage

1. Installation

- Ensure the firearm is unloaded and safe to handle.
- Remove the existing barrel according to the manufacturer's instructions.
- Clean the receiver threads to remove any debris or old lubricant.
- Align the new barrel with the receiver and handtighten it into place.
- Use a torque wrench to tighten the barrel to the manufacturer's specifications.
- Perform a visual inspection to ensure proper alignment.

2. Usage

- Load the firearm according to the manufacturer's instructions.
- Always ensure the firearm is pointed in a safe direction when loading and unloading.
- Fire only ammunition that is compatible with the barrel specifications.
- After shooting, clean the barrel according to recommended maintenance practices.

Disposal Instructions

- Dispose of any unused or damaged barrels in accordance with local regulations.
- Contact your local waste management authority for guidance on proper disposal methods.
- Never dispose of barrels in regular household trash.

Contact Information for Further Support

For any safety inquiries or concerns regarding your CONTOUR #5 BARREL SHILEN 7MM 19 TWIST #5 STAINLESS BARREL, please refer to the manufacturer's website or customer service for assistance.

By following these guidelines, you can help ensure a safe and enjoyable experience with your CONTOUR #5 BARREL SHILEN 7MM 19 TWIST #5 STAINLESS BARREL. Always prioritize safety and compliance with local laws. Thank you for your attention to these important safety instructions.
