

# CONTOUR #5 BARREL - SHILEN 30 CALIBER 1-10 TWIST #5 STAINLESS BARREL

[Gunsmith Tools](#) > [Barrel Tools](#) > [Barrel Blanks](#)

## Contour #5 in Chrome Moly or Stainless Steel

All the loving care of the best stockmaker and the meticulous attention to detail of the master machinist will not make a gun shoot any straighter than the accuracy capability of the barrel used. And, it is the insides of a barrel, that very small and vital area of lands and grooves over which the gunsmith has no control, that can determine whether the finished work of art is for shooting - or "just for looks". Craftsmanship . . . not price . . . determines the quality of a barrel. But, by the same token, the customer willing to spend the money for a custom gun is shortsighted indeed, if he starts economizing and orders "just any old barrel so long as it's cheap". Furthermore, he is jeopardizing your reputation as a gun builder by making such a request. We, as your supplier, are laying our reputation (and yours, too!) on the line by offering you barrel blanks. They have got to be good or we are in trouble! Big trouble!! We must never sell you anything but that which will enlarge your stature with your trade. And, we feel that the Brownell Barrel, made for us by Ed Shilen, will do just that! Shilen barrels, either chrome moly or Stainless, are rifled with six lands and grooves by the "Cold Forming" process using carbide dies made in Shilen's own plant under the most rigid controls. This rifling method achieves extremely close inside uniformity from breech to muzzle. Finished barrels are air-gauge inspected (air-gauged sensitivity is .00005" - five-one-hundred-thousandths!) and 6X borescope inspected. All barrels, .22 through .30 caliber have groove tolerances within .0005" and uniformity within .0003" No straightening is done, and all barrels are completely stress-relieved. All stainless steel barrels are hand lapped at the factory. Only those barrels passing all spec tests are offered to the trade. Any barrel even slightly "suspect" is started through the production process again and bored to a large caliber. In no other way can quality and reputation be maintained. Slightly more expensive to produce - but vastly greater in quality and ultimate performance.

## Attributes

- Name: [SHILEN 30 CALIBER 1-10 TWIST #5 STAINLESS BARREL](#)
- Manufacturer: [SHILEN](#)
- Product no.: 787930105
- Mfr. No.: 30105SS
- Caliber: 30 Caliber (.308)
- Contour: #5
- Material: Stainless Steel
- Style: Match-Grade
- Twist: 1-10
- Delivery weight: 1.905kg
- Shipping height: 28mm
- Shipping width: 28mm
- Shipping length: 718mm

## Item details

Made in USA

US export classification: 0A501.c

# **Safety Instruction Guide for CONTOUR #5 BARREL SHILEN 30 CALIBER 110 TWIST #5 STAINLESS BARREL**

## **Introduction**

Thank you for choosing the CONTOUR #5 BARREL SHILEN 30 CALIBER 110 TWIST #5 STAINLESS BARREL. This guide provides important safety instructions to ensure the safe use and maintenance of your barrel. Please read and understand these guidelines before using the product.

## **General Safety Guidelines**

- Ensure that the barrel is used in accordance with all applicable laws and regulations.
- Always handle firearms and firearm components with care and respect.
- Inspect the barrel for any signs of damage or wear before installation and use.
- Store the barrel in a safe and secure location when not in use.
- Keep the barrel out of reach of children and unauthorized individuals.
- Report any unsafe products or accidents to the relevant authorities.

## **Specific Safety Precautions for Use**

- Always wear appropriate eye protection when handling or using firearms.
- Ensure that the firearm is unloaded before installing or removing the barrel.
- Use only compatible firearms for this barrel to avoid malfunctions.
- Follow the manufacturer's guidelines for the installation and usage of the barrel.
- Avoid using ammunition that exceeds the specified caliber for this barrel.
- Regularly clean and maintain the barrel to ensure optimal performance and safety.
- Be aware of the shooting environment and ensure it is safe before firing.

## **Instructions for Installation and Usage**

### **1. Preparation:**

- Ensure that the firearm is unloaded and pointed in a safe direction.
- Gather necessary tools for installation, including a torque wrench and appropriate screws.

### **2. Installation:**

- Remove the existing barrel from the firearm, following the manufacturer's instructions.
- Align the CONTOUR #5 barrel with the receiver of the firearm.
- Securely attach the barrel using the appropriate screws and torque specifications.
- Doublecheck that the barrel is properly seated and tightened.

### **3. Usage:**

- Load the firearm with appropriate ammunition (30 Caliber .308).
- Ensure that you are in a safe shooting position and that all safety measures are in place.
- Fire the firearm only when you are confident in your target and the surrounding area.
- After each use, clean the barrel according to the manufacturer's recommendations.

## **Disposal Instructions**

- Dispose of the barrel in accordance with local regulations regarding firearm components.
- Ensure that the barrel is rendered unusable before disposal to prevent misuse.
- If possible, recycle materials in accordance with local recycling programs.

## **Contact Information for Further Support**

For any questions or concerns regarding the CONTOUR #5 BARREL SHILEN 30 CALIBER 110 TWIST #5 STAINLESS BARREL, please refer to the manufacturer's website or customer support for assistance.

By adhering to these safety guidelines, you can ensure a safe and enjoyable experience with your CONTOUR #5 BARREL SHILEN 30 CALIBER 110 TWIST #5 STAINLESS BARREL. Thank you for your attention to safety!
