

# CONTOUR #6 BARREL - SHILEN .30, 10 TWIST, SS

[Rifle Parts](#) > [Barrel Parts](#) > [Rifle Barrel Blanks](#)

## Contour #6 in Chrome Moly or Stainless Steel

All the loving care of the best stockmaker and the meticulous attention to detail of the master machinist will not make a gun shoot any straighter than the accuracy capability of the barrel used. And, it is the insides of a barrel, that very small and vital area of lands and grooves over which the gunsmith has no control, that can determine whether the finished work of art is for shooting - or "just for looks". Craftsmanship . . . not price . . . determines the quality of a barrel. But, by the same token, the customer willing to spend the money for a custom gun is shortsighted indeed, if he starts economizing and orders "just any old barrel so long as it's cheap". Furthermore, he is jeopardizing your reputation as a gun builder by making such a request. We, as your supplier, are laying our reputation (and yours, too!) on the line by offering you barrel blanks. They have got to be good or we are in trouble! Big trouble!! We must never sell you anything but that which will enlarge your stature with your trade. And, we feel that the Brownell Barrel, made for us by Ed Shilen, will do just that! Shilen barrels, either chrome moly or Stainless, are rifled with eight lands and grooves by the "Cold Forming" process using carbide dies made in Shilen's own plant under the most rigid controls. This rifling method achieves extremely close inside uniformity from breech to muzzle. Finished barrels are air-gauge inspected (air-gauged sensitivity is .00005" - five-one-hundred-thousandths!) and 6X borescope in-spected. All barrels, .22 through .30 caliber have groove tolerances within .0005" and uniformity within .0003". No straightening is done, and all barrels are completely stress-relieved. All stainless steel barrels are hand lapped at the factory. Only those barrels passing all spec tests are offered to the trade. Any barrel even slightly "suspect" is started through the production process again and bored to a large caliber. In no other way can quality and reputation be maintained. Slightly more expensive to produce - but vastly greater in quality and ultimate performance.

## Attributes

- Name: [SHILEN .30, 10 TWIST, SS](#)
- Manufacturer: [SHILEN](#)
- Product no.: 787930106
- Mfr. No.: 30106SS
- Caliber: 30 Caliber (.308)
- Contour: #6
- Material: Stainless Steel
- Style: Match-Grade
- Twist: 1-10
- Delivery weight: 2.654kg
- Shipping height: 28mm
- Shipping width: 28mm
- Shipping length: 711mm

# Safety Instruction Guide for CONTOUR #6 BARREL SHILEN .30

## Introduction

Thank you for choosing the CONTOUR #6 BARREL SHILEN .30. This guide provides essential safety instructions and guidelines to ensure the safe use of your barrel. Please read this guide carefully before installation and usage to minimize risks and ensure optimal performance.

## General Safety Guidelines

- **Product Safety:** This product is designed for safe use in firearms. Always follow safety instructions to prevent accidents.
- **Enhanced Recalls:** Be aware that this product may be subject to recalls. Stay informed about any safety notices.
- **Online Shopping:** If purchased online, ensure that the retailer complies with safety regulations.
- **Special Consumer Focus:** This product is not intended for use by individuals under the age of 18. Ensure that all users are of legal age and trained in firearm safety.
- **EU Contact Point:** For any safety inquiries, contact the appropriate EU-based support resources.
- **Rapid Alerts:** Stay updated on any safety alerts regarding this product through the Safety Gate system.

## Specific Safety Precautions for Use

- **Always handle firearms and barrels with care.**
- **Ensure that the barrel is compatible with your firearm.**
- **Do not use the barrel if it shows signs of damage or wear.**
- **Keep the barrel and all firearms out of reach of children and unauthorized users.**
- **Wear appropriate safety gear, including eye protection, when using firearms.**
- **Follow all local laws and regulations regarding firearm usage.**
- **Regularly inspect the barrel for any signs of wear or defects.**
- **Avoid using excessive force during installation or maintenance.**

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure you have all necessary tools and equipment before beginning the installation.
- Verify that your workspace is clean and free of distractions.

### 2. Installation:

- Carefully remove the barrel from its packaging.
- Inspect the barrel for any visible defects or damage.
- Follow the manufacturer's instructions for attaching the barrel to your firearm.
- Ensure all connections are secure and properly aligned.

### 3. Usage:

- Always follow the firearm manufacturer's instructions for safe operation.
- Load ammunition that is compatible with the .30 caliber specifications.
- Conduct a safety check before each use to ensure the firearm is in safe working condition.
- Use the firearm in a safe environment, away from people and animals.

#### 4. PostUsage Care:

- Clean the barrel after each use to maintain performance and longevity.
- Store the barrel in a safe, dry place when not in use.
- Regularly check for signs of corrosion or damage.

## Disposal Instructions

- Dispose of any packaging materials in accordance with local waste disposal regulations.
- If the barrel is damaged beyond repair, consult local regulations for the proper disposal of firearms components.
- Do not discard the barrel in regular household waste.

## Contact Information for Further Support

For any questions or concerns regarding the CONTOUR #6 BARREL SHILEN .30, please reach out to your local firearms expert or retailer for assistance. Always prioritize safety and compliance with regulations in your area.

Thank you for your attention to these safety instructions. Enjoy your shooting experience with the CONTOUR #6 BARREL SHILEN .30 while prioritizing safety and responsibility.
