

REMINGTON 700 BARREL - SHILEN 308 WINCHESTER 1-10" TWIST #7 STAINLESS STEEL BARREL

[Rifle Parts](#) > [Barrel Parts](#) > [Rifle Barrels](#)

Short-Chambered; Pre-Threaded To Fit Remington 700 Actions

The fastest, most convenient method available to any gunsmith for rebarreling and accurizing the fine Remington 700 action. Now you can provide your customers with the increased accuracy and superior performance that only a custom, match-quality barrel can deliver without time-consuming and costly lathe work. Brownells match-grade barrels are pre-threaded and short-chambered for ease of installation. Plus, the bolt body counterbore is fully cut. Groove tolerances are uniform to within .0003" end-to-end and air-gauged to ensure conformity. After installation, use a hand-turned finish reamer to deepen chamber until correct head space is reached, (correct Reamer and Headspace Gauges required). Made to our specifications by Shilen.

Consumer Safety Instruction Guide for REMINGTON 700 BARREL SHILEN 308 WINCHESTER

Introduction

Thank you for choosing the REMINGTON 700 BARREL SHILEN 308 WINCHESTER. This guide provides essential safety instructions to ensure the safe use and installation of your new barrel. Please read this guide carefully before use to understand the safety precautions and installation instructions.

General Safety Guidelines

- Always handle firearms and firearm components with care and respect.
- Ensure that all tools and equipment used during installation are in good condition and appropriate for the task.
- Keep the product out of reach of children and unauthorized persons.
- Always wear appropriate safety gear, including eye protection, when handling firearms and performing installations.
- Be aware of your surroundings and ensure that you are in a safe environment when using firearms.
- Regularly check for any recalls or safety notices related to this product on the EU Safety Gate platform.

Specific Safety Precautions for Use

- Ensure that the firearm is unloaded before beginning any installation or modification.
- Confirm that the barrel is compatible with your specific model of Remington 700.
- Avoid using the firearm if you notice any signs of damage or wear on the barrel or other components.
- Use only the recommended tools and gauges for installation and adjustment.
- Follow all local laws and regulations regarding the use and modification of firearms.
- If you are unsure about any aspect of installation or usage, consult a qualified gunsmith or professional.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools and components, including the barrel, a handturned finish reamer, and headspace gauges.
- Ensure your workspace is clean and organized.

2. Installation Steps:

- Remove the existing barrel from the Remington 700 action according to the manufacturer's guidelines.
- Clean the action thoroughly to remove any debris or residue.
- Align the new Shilen barrel with the action, ensuring that it is properly seated.
- Use the handturned finish reamer to deepen the chamber until the correct headspace is achieved. Refer to the manufacturer's specifications for proper measurements.
- Once installed, doublecheck that the barrel is securely fastened to the action.

3. PostInstallation:

- Inspect the installation for any visible gaps or misalignments.
- Perform a function check to ensure that the firearm operates correctly with the new barrel.

- Clean the barrel before first use to remove any protective oils or coatings.

Disposal Instructions

- Dispose of any packaging materials in accordance with local waste disposal regulations.
- If the barrel or any associated components become damaged beyond repair, follow local guidelines for disposing of metal and firearm parts responsibly.

Contact Information for Further Support

For any questions or concerns regarding the REMINGTON 700 BARREL SHILEN 308 WINCHESTER, please consult a qualified gunsmith or contact the manufacturer directly for assistance. Ensure that you have the product details on hand for reference.

By following these guidelines, you can ensure the safe and effective use of your REMINGTON 700 BARREL SHILEN 308 WINCHESTER. Thank you for your attention to safety, and enjoy your new product!
