

REMINGTON 700 FACTORY CONTOUR PRE-THREADED BARREL - SHILEN .243 WIN. 1-10 TWIST VARMINT CONTOUR CM BARREL

[Rifle Parts](#) > [Barrel Parts](#) > [Rifle Barrels](#)

Fits Remington Factory Stocks With Little-To-No Modification

Made for Brownells by Shilen to match the factory contour. Upgrade the performance and accuracy of Remington 700 rifles without costly stock work. Match-grade, short-chambered barrels have the correct contour to drop into Remington factory or aftermarket stocks with little-to-no barrel channel modifications. Install with your factory recoil lug. Muzzle is cut at 90° to the bore and ready for crowning. After installation, use a hand-turned, finish reamer to deepen chamber until correct headspace is reached. (Correct headspace gauges and reamer required.)

Safety Instruction Guide for REMINGTON 700 FACTORY CONTOUR PRETHREADED BARREL SHILEN .243 WIN. 110 TWIST VARMINT CONTOUR CM BARREL

Introduction

Thank you for choosing the REMINGTON 700 FACTORY CONTOUR PRETHREADED BARREL by Shilen. This guide provides essential safety instructions and guidelines for the proper use, installation, and disposal of the product. Please read this guide carefully to ensure safe handling and operation.

General Safety Guidelines

- Always treat the barrel as if it is loaded.
- Ensure that the firearm is pointed in a safe direction at all times.
- Store the barrel and any associated firearms securely and out of reach of children.
- Use the barrel only with compatible Remington 700 rifles.
- Inspect the barrel for any signs of damage before installation or use.
- Follow all local laws and regulations regarding firearm modifications and usage.

Specific Safety Precautions for Use

- Do not attempt to modify the barrel or any of its components.
- Only use ammunition that is specifically designed for .243 Winchester.
- Ensure that the barrel is properly installed and secured before use.
- Be aware of your surroundings and ensure that the shooting area is clear of people and obstacles.
- Always wear appropriate eye and ear protection while shooting.
- Do not shoot at hard surfaces or water to avoid ricochets.

Instructions for Installation and Usage

1. Preparation for Installation

- Gather all necessary tools and equipment, including a handturned finish reamer and correct headspace gauges.
- Ensure you are in a clean, welllit workspace.

2. Barrel Installation

- Remove the existing barrel from your Remington 700 rifle according to the manufacturer's instructions.
- Install the new Shilen barrel using the factory recoil lug.
- Ensure that the muzzle is cut at 90° to the bore and is ready for crowning.

3. Chamber Deepening

- After installing the barrel, use a handturned finish reamer to deepen the chamber until the correct headspace is reached.
- Verify headspace with the appropriate gauges to ensure safety and functionality.

4. Final Inspection

- After installation and chambering, perform a thorough inspection of the firearm to ensure everything is secure and functioning properly.
- Test fire the rifle in a controlled environment to confirm proper operation.

Disposal Instructions

- Dispose of the barrel in accordance with local regulations regarding firearm components.
- If the barrel is damaged or no longer usable, consider contacting a local firearms dealer or recycling center that specializes in firearm disposal.

Contact Information for Further Support

For safety inquiries or additional support, please refer to the manufacturer or your local firearms authority. It is essential to have access to knowledgeable resources for any concerns regarding the use of this product.

Conclusion

By following these safety instructions and guidelines, you will help ensure a safe and enjoyable experience with your REMINGTON 700 FACTORY CONTOUR PRETHREADED BARREL. Always prioritize safety and compliance with local laws and regulations when using firearms. Thank you for your attention to these important safety practices.
