

REMINGTON 700 FACTORY CONTOUR PRE-THREADED BARREL - SHILEN .308 WIN 1-10 TWIST VARMINT CONTOUR CM BARREL

[Rifle Parts](#) > [Barrel Parts](#) > [Rifle Barrels](#)

Fits Remington Factory Stocks With Little-To-No Modification

Made for Brownells by Shilen to match the factory contour. Upgrade the performance and accuracy of Remington 700 rifles without costly stock work. Match-grade, short-chambered barrels have the correct contour to drop into Remington factory or aftermarket stocks with little-to-no barrel channel modifications. Install with your factory recoil lug. Muzzle is cut at 90° to the bore and ready for crowning. After installation, use a hand-turned, finish reamer to deepen chamber until correct headspace is reached. (Correct headspace gauges and reamer required.)

Safety Instruction Guide for REMINGTON 700 FACTORY CONTOUR PRETHREADED BARREL SHILEN .308 WIN 110 TWIST VARMINT CONTOUR CM BARREL

Introduction

Thank you for purchasing the REMINGTON 700 FACTORY CONTOUR PRETHREADED BARREL manufactured by Shilen. This product is designed to enhance the performance and accuracy of Remington 700 rifles. To ensure safe usage and compliance with the EU General Product Safety Regulation (GPSR), please read this safety instruction guide carefully.

General Safety Guidelines

- Always handle firearms and firearm components with care.
- Ensure the barrel is installed correctly before use.
- Store the barrel and firearm in a secure location away from children and unauthorized users.
- Regularly inspect the barrel for any signs of damage or wear.
- Follow all local laws and regulations regarding firearms and their components.
- Be aware of the specific risks associated with firearms, including but not limited to accidental discharge and improper handling.

Specific Safety Precautions for Use

- Ensure the firearm is unloaded before installation or maintenance.
- Use appropriate safety gear, including eye protection, when handling or installing the barrel.
- Avoid using the barrel with ammunition that is not specified for use with this product.
- Be cautious of the barrel's sharp edges during installation.
- Do not attempt to modify the barrel beyond the manufacturer's specifications.
- If you are unsure about the installation or usage, seek assistance from a qualified gunsmith.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools, including a handturned finish reamer and correct headspace gauges.
- Ensure you are in a welllit and organized workspace.

2. Installation:

- Remove the existing barrel from your Remington 700 rifle.
- Install the new Shilen barrel using your factory recoil lug.
- Ensure that the muzzle is cut at a 90° angle to the bore.

3. Chambering:

- After the barrel is installed, use a handturned finish reamer to deepen the chamber until the correct headspace is reached.
- Verify headspace using the appropriate gauges before proceeding.

4. Final Checks:

- Once installation is complete, perform a thorough inspection of the firearm to ensure everything is secure.
- Test the firearm in a controlled environment to confirm proper function and safety.

Disposal Instructions

- Dispose of any packaging materials in accordance with local regulations.
- If the barrel is damaged beyond repair, consult local waste management guidelines for safe disposal.
- Never dispose of the barrel in a manner that poses a risk to the environment or public safety.

Contact Information for Further Support

For any questions or concerns regarding the safety and usage of the REMINGTON 700 FACTORY CONTOUR PRETHREADED BARREL, please refer to the manufacturer or your point of purchase for assistance.

By following these safety instructions, you can ensure a safe and effective experience with your new barrel. Always prioritize safety when handling firearms and their components.
