

TJ'S 1911 SERIES '80 TO SERIES '70 CONVERSION SHIMS™ - TJS CUSTOM FRAME SLOT FILLER .060

[Handgun Parts](#) > [Frame Parts](#) > [Frame Hardware](#) > [Fillers](#)

TJ's 1911 Series '80 to Series '70 Conversion Shims© (Frame Slot Filler) replace the gap used by the "Colt Series '80 Firing Pin Block Actuating Levers" when removed by gunsmiths for crisper trigger pulls. It is necessary to fill this frame gap so the sear will not wander over and lock up the sear / trigger mechanism. Shim/slot filler fits in the frame cutout, permitting Series 70 slides and components to be fitted to Series 80 frames. No alteration, drop-in fit. Available in the standard .057" width, as well as .030", .060" and .065".

Safety Instruction Guide for TJ'S 1911 SERIES '80 TO SERIES '70 CONVERSION SHIMS™

Introduction

Thank you for choosing TJ's 1911 Series '80 to Series '70 Conversion Shims™. This product is designed to enhance the performance of your firearm by filling the gap left by the removal of the Colt Series '80 Firing Pin Block Actuating Levers. Please read this safety instruction guide carefully to ensure safe and effective use of the product.

General Safety Guidelines

- Ensure that all firearms are handled with care and in accordance with local laws and regulations.
- Always treat firearms as if they are loaded, even if you believe they are not.
- Keep firearms and firearm components out of reach of children and unauthorized users.
- Regularly inspect your firearm and its components for wear or damage.
- Follow all manufacturer guidelines for installation and usage of firearm components.
- In the event of an accident or injury, seek immediate medical assistance.

Specific Safety Precautions for Use

- Only use the TJ's 1911 Series '80 to Series '70 Conversion Shims™ with compatible models.
- Ensure that the firearm is completely unloaded before beginning installation.
- Use appropriate tools and follow proper techniques during installation to avoid personal injury.
- Avoid excessive force when inserting the shim to prevent damage to the firearm or shim.
- After installation, conduct a safety check to ensure all components are functioning correctly.
- If you notice any irregularities during operation, cease use immediately and consult a qualified gunsmith.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools, including a screwdriver and any other required equipment.
- Ensure the work area is clean and free from distractions.

2. Unloading the Firearm:

- Remove the magazine and check the chamber to ensure the firearm is unloaded.

3. Installation of the Shim:

- Locate the frame cutout where the shim will be installed.
- Carefully insert the shim into the frame cutout, ensuring it fits snugly without forcing it.
- Verify that the shim is properly seated and does not interfere with other components.

4. Reassembly:

- Reassemble the firearm according to the manufacturer's instructions.
- Ensure all components are reattached securely.

5. Safety Check:

- Conduct a thorough safety check before using the firearm.
- Test the trigger mechanism to ensure it operates smoothly without any obstruction.

6. Usage:

- Use the firearm in a safe and controlled environment.
- Follow all safety protocols related to firearm handling and usage.

Disposal Instructions

- Dispose of any packaging materials in accordance with local waste management regulations.
- If the shim is damaged or no longer needed, dispose of it responsibly to prevent accidental use.

Contact Information for Further Support

For any questions or concerns regarding the TJ's 1911 Series '80 to Series '70 Conversion Shims™, please consult your local firearms dealer or a qualified gunsmith. For safety inquiries or to report unsafe products, refer to the EU Safety Gate platform.

Thank you for prioritizing safety and compliance with the EU General Product Safety Regulation (GPSR). Your attention to these guidelines helps ensure a safe experience with your TJ's 1911 Series '80 to Series '70 Conversion Shims™.
