U.S. Made

SHORT LENGTH WIRE GAUGE DRILLS The Triumph Twist Drill Co. Short Length Wire Gauge Drills are high-quality tools crafted for professionals and enthusiasts who demand precision and durability in their drilling applications. Designed for tight spaces and detailed tasks, these drills are a reliable choice for gunsmiths and machinists. Key Features: High-Speed Steel (HSS) Construction: Made from durable high-speed steel, these drills deliver excellent wear resistance, heat tolerance, and longevity, even under rigorous use. Short-Length Design: The compact length provides enhanced rigidity, making these drills ideal for precision work in confined spaces where longer drills may flex or be impractical. Wire Gauge Sizing: Available in a wide range of wire gauge sizes, these drills are perfect for detailed work, particularly in firearms maintenance, modifications, and other fine machining tasks. Precision-Ground Cutting Edges: Engineered for clean, accurate holes, the sharp cutting edges minimize wandering and chipping, ensuring consistent results. Specs Made of High Speed Steel 135° Self-Centering Point Coating/Finish: Black Oxide Applications: The Triumph Twist Drill Co. Short Length Wire Gauge Drills are ideal for gunsmithing tasks that require fine detail, such as drilling pinholes, scope mounts, or other intricate firearm modifications. Their compact design also makes them suitable for other precision work in metals, plastics, and wood. Customer Feedback: Users appreciate the durability and precision of these short-length drills, often highlighting their effectiveness in tight spaces. The high-speed steel construction and sharp cutting edges are frequently praised for delivering reliable, clean results. Summary: The Triumph Twist Drill Co. Short Length Wire Gauge Drills offer precision and dependability in a compact package. Built with high-speed steel and designed for detailed work, these drills are an essential tool for gunsmiths and machinists. Whether working in confined spaces or requiring exceptional accuracy, these drills provide the performance and quality expected from Triumph Twist Drill Co. products.

Attributes

- Name: [TRIUMPH TWIST DRILL CO. SHORT LENGTH WIRE GAUGE DRILL 25S \(0.15"\) DIAMETER](#)
- Manufacturer: [TRIUMPH TWIST DRILL CO.](#)
- Product no.: 891425149
- Mfr. No.:
- Bit Size: 0.15
- Colour: Black Oxide
- Material: High Speed Steel
- Style: Short Wire Gauge Drill Bits
- Delivery weight: 0.005kg
- Shipping width: 83mm
- Shipping length: 146mm

Safety Instruction Guide for SHORT LENGTH WIRE GAUGE DRILLS

Introduction

Thank you for choosing the Triumph Twist Drill Co. Short Length Wire Gauge Drills. These highquality tools are designed for precision drilling tasks in tight spaces. To ensure your safety and the effective use of these drills, please read this safety instruction guide carefully.

General Safety Guidelines

- Always use the drills in accordance with the manufacturer's instructions.
- Inspect the drill bits before each use for any signs of damage or wear.
- Keep the work area clean and welllit to avoid accidents.
- Ensure that all safety equipment is worn during use, including safety goggles and gloves.
- Store the drills in a safe place away from children and unauthorized users.
- Report any unsafe conditions or incidents to the appropriate authorities.

Specific Safety Precautions for Use

- Do not exceed the recommended RPM for the drill bit size being used.
- Avoid using the drill in wet or damp conditions to prevent electric shock.
- Ensure the workpiece is securely clamped before drilling to prevent movement.
- Do not apply excessive force; let the drill do the work to avoid breakage.
- Always withdraw the drill from the workpiece when not in use to prevent accidental injury.
- Do not use the drill for purposes other than those specified by the manufacturer.

Instructions for Installation and Usage

- Before using the drill, ensure that your workspace is clear of unnecessary items.
- Select the appropriate wire gauge drill bit for your task.
- Install the drill bit into a compatible drill chuck, ensuring it is securely fastened.
- Adjust the speed settings of your drill according to the material you are working with.
- Position the drill perpendicular to the workpiece for accurate drilling.
- Begin drilling at a slow speed to establish a pilot hole, then increase speed as necessary.
- After completing the drilling task, remove the drill and clean the area of any debris.

Disposal Instructions

- Dispose of used drill bits and packaging materials in accordance with local regulations.
- Recycle materials whenever possible, especially metal components.
- Do not dispose of tools in regular household waste.

Contact Information for Further Support

For any inquiries or concerns regarding safety or product performance, please reach out to your local Triumph Twist Drill Co. representative or visit our website for more information.

By following these safety guidelines, you can ensure a safe and effective drilling experience with the Triumph Twist Drill Co. Short Length Wire Gauge Drills. Thank you for prioritizing safety in your drilling tasks.
