

AR-15/M16 NON-ROTATING PIN SET - .155" NON-ROTATING PINS

[Rifle Parts](#) > [Receiver Parts](#) > [Receiver Hardware](#) > [Receiver Pins](#)

Precision-Machined To Upgrade Your Existing Hammer & Trigger Pins; Available Standard & Oversized

Redesigned hammer pin and anti-rotation links provide the strongest possible system to eliminate pin rotation, and will withstand the additional force exerted by 9mm conversions and suppressed .223 upper receivers. Helps prevent wear to receiver holes, which is especially important for increasingly-valuable M16 and pre-ban receivers. Notched hammer pin locks into slots in the anti-rotation links; trigger is secured with locking screws, and includes lube ports so adequate lubrication reaches the trigger. Anti-rotation links fit on the outside of the receiver to prevent all movement. Pins are CNC-machined, centerless ground for uniformity and heat treated for durability. Available in Standard .154", Oversized .155", and .170" for larger receivers. Oversized Pins help improve accuracy and trigger control by tightening up any trigger slack that may exist in worn or new receivers. Standard-sized pins drop-in and require no modification to the receiver; oversized pins require the use of the 3.95mm Reamer (available separately).

Attributes

- Name: [.155" NON-ROTATING PINS](#)
- Manufacturer: [KNS PRECISION](#)
- Product no.: 923000040
- Mfr. No.: NRTHP-1555

AR15/M16 NonRotating Pin Set Safety Instructions

Introduction

Thank you for choosing the AR15/M16 NonRotating Pin Set. This product is designed to enhance the performance of your firearm while ensuring safety and reliability. Please read this safety instruction guide carefully to ensure proper usage and installation. This guide complies with the EU General Product Safety Regulation (GPSR) to protect consumers and provide essential safety information.

General Safety Guidelines

- Ensure safe use of the product by following all instructions in this guide.
- Be aware of potential hazards associated with the use of firearm components.
- Always handle firearms with care and in accordance with local laws and regulations.
- Store the product in a safe place, out of reach of children and unauthorized users.
- Check for any product recalls or safety alerts on the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Always wear appropriate safety gear, including eye protection, when handling firearms.
- Inspect the firearm and components for any signs of damage or wear before use.
- Do not modify the pins or any other components of the firearm outside of the specified guidelines.
- Ensure that the firearm is unloaded before installing or replacing parts.
- Be aware that improper installation can lead to firearm malfunction or injury.
- If you are inexperienced with firearm maintenance, seek assistance from a qualified gunsmith.

Instructions for Installation and Usage

1. Preparation

- Gather all necessary tools, including the installation tool and hex wrenches.
- Ensure the firearm is completely unloaded and in a safe working environment.

2. Installation Steps

- Remove the existing hammer and trigger pins from the receiver.
- Insert the new hammer pin into the designated hole in the receiver.
- Align the notched hammer pin with the antirotation links.
- Secure the trigger pin in the appropriate hole, ensuring it is locked in place with the provided screws.
- Attach the antirotation links to the outside of the receiver, ensuring they fit snugly without movement.

3. PostInstallation Check

- Verify that all pins are securely in place and that there is no excessive movement.
- Lubricate the trigger using the provided lube ports to ensure smooth operation.
- Conduct a function check of the firearm to ensure proper operation before use.

Disposal Instructions

- Dispose of any packaging materials in accordance with local recycling regulations.
- If the product is no longer in use, consider returning it to the manufacturer or a local gunsmith for proper disposal.
- Do not dispose of the product in regular household waste.

Contact Information for Further Support

For any questions or concerns regarding the AR15/M16 NonRotating Pin Set, please consult the manufacturer or a qualified gunsmith for assistance. Always ensure that you are following the latest safety guidelines and regulations.

Thank you for prioritizing safety and compliance with the EU General Product Safety Regulation. Your responsible usage of this product contributes to safe firearm practices.
