

RUGER™ MKII, MKIII, OR MK IV COMPETITION BOLT - VOLQUARTSEN RUGER MK IV COMPEITTION BOLT, BLACK

[Handgun Parts](#) > [Slide Parts](#) > [Bolt Parts](#) > [Bolts](#)

The Competition Bolt for the Ruger® MKIV is CNC machined and ground for superior tolerances, fit and finish. It features an Exact Edge Extractor as well as the SureStrike Firing Pin. The Competition Bolt has an integral "Extended Bolt Racker" to allow for improved manually cycling of the bolt - no more pinched fingers! CNC-machined and ground for superior fit and finish Includes Exact Edge Extractor and SureStrike Firing Pin. Extended Bolt Racker machined integral to the bolt for improved manual cycling of the bolt - no more pinched fingers! Case hardened and then treated with a high performance premium finish that offers many advantages. Increased hardness Low residual stress Increased lubricity Low coefficient of friction Improved wear resistance Requires much less lubrication Note: when used with MKIII pistols, the loaded chamber indicator must be removed from the pistol.

Safety Instruction Guide for RUGER™ MKII, MKIII, or MK IV Competition Bolt

Introduction

Thank you for choosing the RUGER™ MKII, MKIII, or MK IV Competition Bolt manufactured by VOLQUARTSEN. This guide provides important safety instructions and guidelines for the proper use, installation, and disposal of the product. Please read this guide carefully to ensure safe operation and compliance with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- Always ensure that the product is used in accordance with the manufacturer's instructions.
- Store the product in a secure and dry location, away from children and unauthorized users.
- Regularly inspect the product for any signs of wear or damage before use.
- Report any unsafe products or accidents to local authorities immediately.
- Stay informed about product recalls and safety updates through the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Ensure that the loaded chamber indicator is removed when using the Competition Bolt with MKIII pistols.
- Avoid placing fingers near the bolt during operation to prevent pinching or injury.
- Do not attempt to modify or disassemble the Competition Bolt beyond the manufacturer's recommendations.
- Use only compatible Ruger® MKIV pistols with this Competition Bolt to avoid malfunctions.
- Always wear appropriate safety equipment, such as eye protection, when using firearms.

Instructions for Installation and Usage

1. Installation

- Ensure the firearm is unloaded before installation.
- Remove the existing bolt from the Ruger® MKIV pistol by following the manufacturer's instructions.
- Carefully insert the Competition Bolt into the firearm, ensuring that it is seated properly.
- Confirm that the Extended Bolt Racker is functioning correctly before proceeding.

2. Usage

- Always check that the firearm is pointed in a safe direction before cycling the bolt.
- Manually cycle the bolt using the Extended Bolt Racker for improved operation.
- Regularly clean and lubricate the Competition Bolt as recommended to maintain optimal performance.
- Monitor the performance of the Exact Edge Extractor and SureStrike Firing Pin for any signs of malfunction.

Disposal Instructions

- Dispose of the product in accordance with local regulations regarding hazardous materials.
- Do not dispose of the product in regular household waste.
- Contact your local waste management authority for specific disposal guidelines.

Contact Information for Further Support

For any questions or concerns regarding the RUGER™ MKII, MKIII, or MK IV Competition Bolt, please consult the manufacturer's website or authorized dealers for assistance.

Thank you for prioritizing safety and compliance while using the RUGER™ MKII, MKIII, or MK IV Competition Bolt. Your adherence to these guidelines helps ensure a safe and enjoyable experience.
