

30MM MOUNTAIN TECH RINGS - WARNE MFG. COMPANY 30MM ULTRA HIGH (1.40") RINGS, BLACK

[Optics & Mounting](#) > [Rings, Mounts & Bases](#) > [Scope Rings](#)

"Ounces are pounds, Pounds are pain" The credo of the backcountry hunter. When tired legs are the only mode of transportation. When the air feels thin, and feet feel heavy. When months of preparation, training and sleepless nights thinking about the upcoming hunt culminate into a single moment, placing the crosshair where it needs to be for the perfect shot. Warne Mountain Tech is the ultimate lightweight precision scope mounting system. Don't leave your dream hunt to chance. When every ounce matters, and every shot counts, Warne Mountain Tech are the scope mounts you can depend on. Precision CNC machined from 7075/T6 aluminum for a high strength & lightweight platform Mil-Spec hardcoat anodized finish for abrasion and corrosion resistance. Rings feature stainless steel hardware for "Element Proof" protection. Mil-Spec 65 in/lb., 1/2" tactical nut attachments for securely clamping to the rail. Fits Picatinny & Weaver style mounts and are NATO-STANAG compatible.

Safety Instruction Guide for Warne Mountain Tech Rings

Introduction

Thank you for choosing the Warne Mountain Tech Rings. This guide provides important safety instructions to ensure the safe use and installation of your scope mounts. Please read this document carefully to understand the necessary precautions and procedures.

General Safety Guidelines

- Ensure that the product is used in accordance with the manufacturer's specifications.
- Always inspect the product before use for any signs of damage or wear.
- Keep this product out of reach of children and vulnerable individuals.
- Do not use the product for any purpose other than its intended use.
- If you experience any issues or have concerns regarding the safety of the product, discontinue use immediately and seek assistance.

Specific Safety Precautions for Use

- **Weight Considerations:** The lightweight design of the Warne Mountain Tech Rings is intended to reduce overall weight for backcountry hunting. Ensure that the total weight of your equipment is manageable for your physical capabilities.
- **Proper Handling:** Handle the rings with care to avoid dropping or damaging them. Use appropriate tools during installation to prevent injury.
- **Environmental Conditions:** Avoid using the product in extreme weather conditions that may affect its performance, such as heavy rain or snow.
- **Compatibility Check:** Ensure that the rings are compatible with your scope and mounting rail before installation. Refer to the specifications to confirm compatibility with Picatinny and Weaver style mounts.

Instructions for Installation and Usage

1. Preparation:

- Gather the necessary tools: a torque wrench and the appropriate size screwdrivers.
- Ensure your mounting rail is clean and free from debris.

2. Installation Steps:

- Align the Warne Mountain Tech Rings with your Picatinny or Weaver rail.
- Use the provided stainless steel hardware to secure the rings to the rail.
- Tighten the tactical nut attachments to a torque of 65 in/lb.
- Doublecheck that the rings are securely attached and that the scope fits properly within the rings.

3. Usage:

- Once installed, verify the alignment of your scope before taking it into the field.
- Regularly check the tightness of the rings during use, especially after the first few outings.

Disposal Instructions

- Dispose of the product in accordance with local regulations.
- Do not dispose of the product in household waste.

- Consider recycling the aluminum components if possible.

Contact Information for Further Support

For safety inquiries or concerns regarding the Warne Mountain Tech Rings, please refer to the manufacturer's website or contact your local retailer for assistance.

By following these safety instructions, you can ensure a safe and effective experience with your Warne Mountain Tech Rings. Always prioritize safety and be aware of your surroundings while using this product.
