

# UNIVERSAL SCOPE LEVEL - WARNE MFG. COMPANY UNIVERSAL SCOPE LEVEL 1

[Optics & Mounting](#) > [Optic Accessories](#) > [Scope Anti-Cant Devices](#)

Accurate adjustments made at extreme distances require that riflescopes and platforms be exactly level before taking a shot, and the Warne Mfg. Universal Scope level is an easy add-on for any precision shooter that enables them to verify the vertical alignment of their optic and rifle. The level clamps onto the main-body tube of the scope, and levels are available for the following tube sizes: 1-inch, 30mm, 34mm and 35mm. Each level features a matte-black finish.

# Universal Scope Level Safety Instructions

## Introduction

Thank you for choosing the Warne Mfg. Company Universal Scope Level. This product is designed to help precision shooters ensure their riflescopes are perfectly aligned, which is crucial for accurate shooting. Please read this safety instruction guide carefully to ensure safe and effective use of this product.

## General Safety Guidelines

- Ensure that the scope level is used in accordance with the manufacturer's instructions.
- Always check the condition of the scope level before each use. Do not use if damaged.
- Keep the scope level out of reach of children and vulnerable individuals to prevent accidents.
- Be aware of your surroundings when using firearms, and ensure that all safety protocols are followed.
- Use the scope level only for its intended purpose as described in this guide.

## Specific Safety Precautions for Use

- Do not attempt to modify or alter the scope level in any way.
- Ensure that the level is securely clamped to the scope before use to avoid any slippage during shooting.
- Avoid using the scope level in adverse weather conditions that may affect visibility or stability.
- Always verify the level of your optic and rifle before taking a shot.
- If you experience any difficulties with the level or if it appears to be malfunctioning, stop using it immediately and seek assistance.

## Instructions for Installation and Usage

### 1. Installation:

- Identify the mainbody tube of your riflescope.
- Select the appropriate clamp size for your tube (1inch, 30mm, 34mm, or 35mm).
- Open the clamp of the scope level and position it around the mainbody tube.
- Tighten the clamp securely, ensuring that it does not move when pressure is applied.

### 2. Usage:

- Once installed, look through your riflescope and ensure that the bubble level is centered.
- Adjust the position of your rifle until the bubble is centered within the level's markings.
- Confirm that the scope is level before taking your shot for maximum accuracy.

## Disposal Instructions

- Do not dispose of the product in household waste.
- Follow local regulations for the disposal of electronic and mechanical products.
- If you are unsure about how to dispose of the product, contact your local waste management authority for guidance.

## Contact Information for Further Support

For any inquiries regarding safety or product performance, please contact the manufacturer directly. Ensure that you have the product details available for reference.

## **Conclusion**

By following these safety instructions, you can ensure the safe and effective use of the Warne Mfg. Company Universal Scope Level. Always prioritize safety and be aware of your surroundings when using firearms. Thank you for your attention to these important guidelines.
