# Vickers Elite Snag Free Tritium Front Sights

## Safety Instruction Guide

### Introduction

Thank you for choosing the Vickers Elite Snag Free Tritium Front Sights for your Smith & Wesson M&P®. This guide provides essential safety information to ensure safe and effective use of your product. Please read this guide carefully before installation and use.

### General Safety Guidelines

- Ensure that the front sight is compatible with your specific model of Smith & Wesson M&P®.
- Always handle firearms with care and ensure they are unloaded before installation or adjustment of sights.
- Regularly inspect your front sight for any signs of damage or wear.
- Keep the front sight and surrounding areas clean and free from debris.
- Store your firearm and its components in a secure location, out of reach of children and unauthorized users.
- Be aware of your local laws and regulations regarding firearm modifications and accessories.

### Specific Safety Precautions for Use

- The Tritium insert is designed for visibility in lowlight conditions. However, it is not a substitute for proper firearm handling and safety practices.
- Avoid using the front sight in conjunction with any incompatible accessories or modifications that may impair its function.
- If you notice any unusual behavior or performance from your sight, cease use immediately and consult a qualified gunsmith.
- Ensure that the sight is securely installed before using your firearm. A loose sight can affect accuracy and safety.

### Instructions for Installation and Usage

#### 1. Installation:

- Ensure the firearm is unloaded and pointed in a safe direction.
- Remove the existing front sight using appropriate tools.
- Clean the sight mounting area to remove any debris or old adhesive.
- Align the Vickers Elite front sight with the mounting area, ensuring it is positioned correctly.
- Secure the sight according to the manufacturer's specifications, ensuring it is tight and stable.

#### 2. Usage:

- Use the front sight as intended during firing. Align it with your rear sight for accurate aiming.
- Regularly check the sight for stability during use, especially after extensive shooting sessions.
- If you experience any issues with sight alignment or visibility, stop using the firearm and inspect the sight.

### Disposal Instructions

- Dispose of the front sight in accordance with local regulations regarding electronic waste and hazardous materials.
- If the Tritium insert becomes damaged or shows signs of leakage, handle it with care and consult local

authorities for proper disposal methods.

## **Contact Information for Further Support**

For any inquiries regarding safety or product performance, please refer to the manufacturer's customer service resources. Ensure that you have the product details available when seeking assistance.

By following these safety instructions, you can ensure a safe and enjoyable experience with your Vickers Elite Snag Free Tritium Front Sights. Always prioritize safety when handling firearms and related accessories.
