# Safety Instruction Guide for 1911 MATCH BARREL & BUSHING SET

## Introduction

Thank you for choosing the 1911 MATCH BARREL & BUSHING SET. This guide provides important safety instructions and guidelines to ensure the safe use and handling of this product. Please read this document carefully before installation and use.

## General Safety Guidelines

- Ensure that all safety precautions are followed during the handling and installation of the barrel and bushing set.
- Always wear appropriate safety gear, including eye protection, when working with firearms.
- Keep the product out of reach of children and unauthorized individuals.
- Be aware of your local laws and regulations regarding firearm modifications and usage.
- Report any unsafe products or incidents to the relevant authorities.
- Regularly check for recall updates on the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- **Potential Hazards:**
  - Improper installation may lead to malfunction or injury.
  - The product may contain sharp edges; handle with care.
  - Ensure that the firearm is unloaded before beginning any work.
- **Avoiding Hazards:**
  - Always doublecheck that your firearm is clear of ammunition.
  - Use proper tools and techniques during installation to prevent damage or injury.
  - If you are unsure about the installation process, seek assistance from a qualified gunsmith.

## Instructions for Installation and Usage

### 1. Preparation:

- Gather all necessary tools and materials for installation.
- Ensure a clean and welllit workspace.
- Read and understand all instructions before proceeding.

### 2. Installation Steps:

- Remove the existing barrel and bushing from the firearm.
- Inspect the new barrel and bushing for any visible defects.
- The barrel and bushing are slightly oversized at lockup areas. You will need to perform precise final fitting.
- Install the new barrel into the slide, ensuring it is properly aligned.
- Insert the bushing and ensure it fits snugly but allows for movement.
- Finish reaming the chamber as required to ensure proper function.
- Hardened to Rc 40, the steel will provide durability, but ensure you do not overtighten components during installation.

### 3. PostInstallation:

- Once installed, perform a function check to ensure that the firearm operates correctly.

- Always test fire in a safe and controlled environment.

## **Disposal Instructions**

- Dispose of any packaging materials in accordance with local waste management regulations.
- If the product becomes damaged or unusable, follow local guidelines for the disposal of metal and firearm components.

## **Contact Information for Further Support**

For any questions or concerns regarding the installation and use of the 1911 MATCH BARREL & BUSHING SET, please consult a qualified gunsmith or your local firearms authority. Always ensure that you are following the most current safety regulations and guidelines.

Thank you for your attention to these safety instructions. Your safety and the safe operation of your firearm are our top priorities.
