

# Matrix

[Shooting Accessories](#) > [Shooting Rests](#) > [Rifle Rests](#)

The highly versatile Matrix™ combines great new features and rock solid stability in an affordable rest. Central to the design is the innovative, ultra rigid u-channel frame for quickly adjusting in length for the perfect fit to any firearm. The two piece sliding frame incorporates an open central channel with plenty of clearance for hi-capacity detachable magazines and lever action firearms. A convenient storage area incorporated into the front of the base features a removable lid that adds additional clearance when detached, and also acts as a rubberized rear support surface for firing handguns when left in place. Another key features is the front elevation system. A spring loaded tension mechanism and height adjustment knob are great for fast, one handed elevation adjustments to keep the front cradle wobble free thought the entire vertical range. Over-molded front and rear supports protect the firearm's finish, but are firm enough to prevent any give or play. Shooters will enjoy the versatility of converting the Matrix into a compact front rest by removing the rear portion of the frame. Whether used as a front rest or as a full length rest, the Matrix provides stability that will deliver maximum accuracy potential.

# Caldwell Matrix Safety Instruction Guide

## Introduction

Thank you for choosing the Caldwell Matrix. This versatile firearm rest is designed to enhance your shooting experience while ensuring safety. Please read this safety instruction guide carefully to understand how to use the product safely and effectively.

## General Safety Guidelines

- Always follow the manufacturer's instructions for use.
- Ensure that the firearm is unloaded before placing it on the rest.
- Use the rest only with firearms that are compatible with its design.
- Keep the rest out of reach of children and unauthorized users.
- Regularly inspect the rest for any signs of wear or damage before each use.
- Report any unsafe conditions or accidents to the appropriate authorities.
- Stay informed about product recalls via the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- **Firearm Compatibility:** Ensure that your firearm fits securely in the Matrix. Adjust the uchannel frame to accommodate different lengths.
- **Stability Checks:** Before shooting, ensure that the Matrix is stable and secure. Adjust the front elevation system to eliminate wobble.
- **Proper Handling:** Always handle the firearm with care when placing or removing it from the rest.
- **Elevation Adjustments:** Use the height adjustment knob with caution. Make adjustments slowly to maintain control.
- **Storage Area Use:** Utilize the storage area responsibly. Do not overload it with excessive weight.
- **Rubberized Support:** Ensure that the rubberized rear support surface is in place when firing handguns to enhance stability.

## Instructions for Installation and Usage

1. **Unpacking the Product:** Carefully remove the Matrix from its packaging. Check for all components as per the product listing.
2. **Adjusting the Frame:**
  - Locate the uchannel frame.
  - Slide the sections to adjust the length for a proper fit with your firearm.
3. **Setting Up the Rest:**
  - Place the Matrix on a stable, flat surface.
  - Ensure that the front elevation system is correctly engaged.
4. **Fitting Your Firearm:**
  - Place your unloaded firearm in the cradle of the Matrix.
  - Confirm that the firearm sits securely without any movement.
5. **Making Elevation Adjustments:**
  - Use the height adjustment knob to set the desired elevation.
  - Ensure that adjustments are made slowly to avoid sudden shifts.
6. **Firing:**
  - Once set up, you can proceed to fire your weapon while it is securely placed on the Matrix.
  - Always maintain control of the firearm throughout the process.
7. **PostUse Care:**
  - After use, remove the firearm and inspect the Matrix for any damage.
  - Store the Matrix in a safe location.

## **Disposal Instructions**

- Dispose of the Caldwell Matrix in accordance with local regulations for nonhazardous waste.
- Do not dispose of the product in household waste bins. Instead, utilize designated recycling centers if available.
- Ensure that the product is completely disassembled if required by local disposal guidelines.

## **Contact Information for Further Support**

For any inquiries or support regarding the Caldwell Matrix, please refer to the manufacturer's website or customer service contact details provided in the product packaging.

By following these guidelines, you can ensure a safe and enjoyable experience with your Caldwell Matrix. Always prioritize safety and responsibility when handling firearms.
