

Brass Retriever

[Shooting Accessories](#)

Are you tired of spending more time bending over and picking up brass at the range than you do shooting? The Caldwell® Brass Retriever picks up brass saving your back and time. Now picking up spent brass is as easy as pushing a mop. The Brass Retriever can pick up rifle and pistol brass quickly and efficiently. The Brass Retriever works any where, even on grass and gravel. The retriever comes complete with a roll cage separator that allows you to dump the collected brass into a bucket quickly. It is collapsible as well, making it convenient to transport to and from the range. Expands from 28" up to 57" tall.

Caldwell Brass Retriever Safety Instructions

Introduction

Thank you for choosing the Caldwell Brass Retriever. This product is designed to help you efficiently collect spent brass at the shooting range, saving you time and reducing physical strain. To ensure your safety and the effective use of this product, please read and follow the safety instructions outlined in this guide.

General Safety Guidelines

- Ensure that the Caldwell Brass Retriever is used in accordance with the manufacturer's instructions.
- Always inspect the product for any damage or wear before use.
- Keep the product out of reach of children and vulnerable individuals.
- Do not use the Brass Retriever in areas where it may pose a hazard to yourself or others.
- Report any unsafe conditions or accidents to the appropriate authorities.
- Check for recall updates on the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Do not attempt to use the Brass Retriever on uneven or unstable surfaces that may cause it to tip over.
- Avoid using the product in wet conditions, as this may affect its performance and stability.
- Be cautious of your surroundings when using the Brass Retriever to prevent accidents or injuries.
- Ensure that the roll cage separator is securely attached before dumping collected brass into a bucket.
- Do not overload the Brass Retriever beyond its designed capacity, as this may lead to malfunction or breakage.

Instructions for Installation and Usage

Assembly

1. Unpack the Caldwell Brass Retriever from the box.
2. Ensure all parts are present, including the roll cage separator.
3. Follow the assembly instructions provided in the packaging to set up the Brass Retriever.

Usage

1. Adjust the height of the Brass Retriever by expanding it from 28" to 57" as needed.
2. Position the Brass Retriever over the spent brass you wish to collect.
3. Gently push the Brass Retriever forward to pick up the brass, similar to using a mop.
4. Once the brass is collected, use the roll cage separator to dump the brass into a bucket easily.
5. After use, collapse the Brass Retriever for convenient transport.

Disposal Instructions

- Dispose of the Caldwell Brass Retriever in accordance with local regulations.
- Do not dispose of the product in household waste. Check for recycling options in your area.
- Ensure that any components of the Brass Retriever are disposed of responsibly, especially if they are damaged.

Contact Information for Further Support

For any questions or concerns regarding the Caldwell Brass Retriever, please reach out to the manufacturer directly. They will provide assistance and guidance as needed.

By following these safety instructions, you can ensure a safe and effective experience while using the Caldwell Brass Retriever. Thank you for your attention to safety, and enjoy your time at the range!
