## Introduction

Thank you for choosing the ULFHEDNAR Ballhead ArcaStyle 20kg. This product is designed for use with tripods and is compatible with Arcarails and equipment. To ensure safe and effective use, please read this safety instruction guide carefully.

## General Safety Guidelines

- Always inspect the product for any visible damage before use. Do not use if damaged.
- Ensure that the product is used within its specified weight limit of 20kg to avoid accidents.
- Keep the product out of reach of children and vulnerable individuals to prevent misuse.
- Use the product only for its intended purpose as described in this manual.
- Report any unsafe products or accidents to the relevant authorities.

## Specific Safety Precautions for Use

- Do not exceed the maximum load capacity of 20kg.
- Ensure that the ballhead is securely attached to the tripod before mounting any equipment.
- Check that the equipment mounted on the ballhead is stable and secure.
- Avoid using the product in extreme weather conditions that could compromise safety.
- Do not modify the product in any way, as this could pose safety risks.

## Instructions for Installation and Usage

### 1. Installation:

- Start by ensuring that the tripod is stable and on a flat surface.
- Attach the ballhead to the tripod by aligning the mounting plate and securing it tightly.
- Doublecheck that the ballhead is firmly in place before proceeding.

### 2. Usage:

- Ensure that your equipment is compatible with Arcarails.
- Carefully mount your equipment onto the ballhead, ensuring it is securely fastened.
- Adjust the ballhead to the desired angle and tighten the locking mechanism to maintain stability.
- Regularly check the tightness of the ballhead and equipment during use.

## Disposal Instructions

- Dispose of the product in accordance with local regulations.
- Do not dispose of the product in household waste. Instead, seek designated recycling facilities.
- Ensure that any packaging materials are also disposed of responsibly.
