

# AR-10 (ARMALITE) Bipod - BLK LBL BIPOD AR-10 (ARMALITE) - Bipod - 11"

[Rifle Parts](#) > [Build Kits](#) > [Handguards & Rails](#)

THE MOST RADICAL NEW-CONCEPT BIPOD EVER

*Balanced. Integrated. Accurate.*

The *BLK LBL Bipod*'s innovative barrel-through design allows the rifle to sit 'in' the bipod, rather than 'on' it, with the center of rotation of the bipod effectively centered on the bore, making it inherently more stable. The result is a balanced rifle without the top-heavy tendencies that can come from large optics. The ball and socket joint provide fluid movement for improved target acquisition and accuracy. With 40 degrees of pan and 15 degrees of cant in each direction, adjusting leg length to level your scope is a thing of the past.

AVAILABLE

BLK LBL was borne out of the question:

Why is something as practical as a bipod still an impractical attachment?

When not deployed, the legs of the BLK LBL Bipod easily fold to the rear, flush with the hand guard. This means they won't catch on clothing, gear or branches when you're on the move, and won't interfere when shooting off hand, from a barricade, or even when storing your rifle.

## A Passion for Precision

With improved accuracy, lightweight construction, added stability and an expanded range of motion, the BLK LBL Bipod is the new pinnacle of bipod technology. Whether you're in law enforcement, the armed forces, a sport shooter or hunting in the great outdoors, this bipod gives you exactly what you're looking for; improved performance.

## Competitive & Sport Shooters

The BLK LBL Bipod provides improved accuracy and proven stability in all sport shooting competition situations, while the stowed bipod legs won't interfere when on the move or shooting offhand.

## Outdoorsmen & Hunters:

The integrated design of the folding BLK LBL Bipod means no more catching your bipod legs on heavy brush or branches, your clothes or even your rifle case when stowing. Plus the added stability and accuracy means more precise shots, which means more accurate, more ethical kills.

## Law Enforcement & Armed Forces:

Safety, stability and control. It applies to law enforcement, as well as the BLK LBL Bipod. Of course, improved accuracy means fewer rounds expended, which results in a quicker, safer resolution of situations where protecting citizens and ensuring public safety is of primary importance.

Whether it's the stability only a bipod can provide from a set firing position, or easy handling in close quarters, the integrated design of the BLK LBL Bipod gives soldiers and their fireteam added confidence and effectiveness in nearly any situation.

Manufactured specifically for integration with AR-10 rifles, this exclusive BLK LBL bipod is crafted from durable anodized aluminum and stainless steel and features our revolutionary barrel-through design, swiveling ball-and-socket joint and extendable, rear-folding integrated legs.

A replacement barrel nut is included and mounts to any mil-spec upper receiver using a standard armourers wrench.

Requires the rifle to have a low profile gas block.

## Attributes

- Name: [BLK LBL BIPOD AR-10 \(ARMALITE\) - Bipod - 11"](#)
- Manufacturer: [BLK LBL BIPOD](#)
- Product no.: EU2002659

# BLK LBL BIPOD AR10 (ARMALITE) Safety Instructions

## Introduction

Thank you for choosing the BLK LBL Bipod AR10 (ARMALITE). This bipod is designed to enhance your shooting experience by providing improved stability and accuracy. It is essential to follow the safety instructions outlined in this guide to ensure safe and effective use of the product.

## General Safety Guidelines

- Always treat your rifle and bipod as if they are loaded and ready to fire.
- Ensure that the bipod is securely attached to your rifle before use.
- Inspect the bipod for any signs of damage or wear before each use.
- Follow all local laws and regulations regarding the use of firearms and accessories.
- Keep the bipod and rifle out of reach of children and unauthorized users.
- Be aware of your surroundings and ensure a clear line of sight before firing.
- Report any unsafe products or accidents to the appropriate authorities.

## Specific Safety Precautions for Use

- **Stability:** Ensure that the bipod is set up on a stable surface to prevent tipping or falling.
- **Leg Deployment:** When deploying the bipod legs, ensure they are fully extended and locked into place before use.
- **Shooting Position:** Use the bipod in a stable shooting position to maximize its effectiveness and maintain control of the rifle.
- **Weight Distribution:** Be aware of the weight distribution of your rifle and optics to avoid topheavy situations.
- **Environmental Awareness:** Be cautious of environmental factors such as wind or uneven terrain that may affect stability.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure that your AR10 rifle has a low profile gas block.
- Use the included replacement barrel nut and mount it to any milspec upper receiver with a standard armorers wrench.
- Confirm that the bipod is securely attached and that all connections are tight.

### 2. Usage:

- To deploy the bipod legs, pull them down until they click into place.
- Adjust the legs as necessary to achieve the desired height and stability.
- Utilize the ball and socket joint for fluid movement, allowing for easy adjustments while aiming.
- When finished, fold the legs back to the rear, flush with the hand guard for safe transport.

## Disposal Instructions

- Dispose of the BLK LBL Bipod in accordance with local regulations.
- If the bipod is damaged or no longer usable, consider recycling materials where possible.
- Do not dispose of the bipod in regular household waste if it contains hazardous materials.

## **Contact Information for Further Support**

For any questions or concerns regarding the BLK LBL Bipod AR10 (ARMALITE), please refer to the product documentation or contact your retailer for assistance.

By following these safety instructions, you can ensure a safe and enjoyable shooting experience with your BLK LBL Bipod AR10 (ARMALITE). Always prioritize safety and awareness when handling firearms and accessories.
