

AR-10 (ARMALITE) Bipod - BLK LBL BIPOD AR-10 (ARMALITE) - Bipod - 16"

[Rifle Parts](#) > [Build Kits](#) > [Handguards & Rails](#)

THE MOST RADICAL NEW-CONCEPT BIPOD EVER

Balanced. Integrated. Accurate.

The *BLK LBL Bipod's* innovative barrel-through design allows the rifle to sit 'in' the bipod, rather than 'on' it, with the center of rotation of the bipod effectively centered on the bore, making it inherently more stable. The result is a balanced rifle without the top-heavy tendencies that can come from large optics. The ball and socket joint provide fluid movement for improved target acquisition and accuracy. With 40 degrees of pan and 15 degrees of cant in each direction, adjusting leg length to level your scope is a thing of the past.

BLK LBL was borne out of the question:

Why is something as practical as a bipod still an impractical attachment?

When not deployed, the legs of the BLK LBL Bipod easily fold to the rear, flush with the hand guard. This means they won't catch on clothing, gear or branches when you're on the move, and won't interfere when shooting off hand, from a barricade, or even when storing your rifle.

A Passion for Precision

With improved accuracy, lightweight construction, added stability and an expanded range of motion, the BLK LBL Bipod is the new pinnacle of bipod technology. Whether you're in law enforcement, the armed forces, a sport shooter or hunting in the great outdoors, this bipod gives you exactly what you're looking for; improved performance.

Competitive & Sport Shooters

The BLK LBL Bipod provides improved accuracy and proven stability in all sport shooting competition situations, while the stowed bipod legs won't interfere when on the move or shooting offhand.

Outdoorsmen & Hunters:

The integrated design of the folding BLK LBL Bipod means no more catching your bipod legs on heavy brush or branches, your clothes or even your rifle case when stowing. Plus the added stability and accuracy means more precise shots, which means more accurate, more ethical kills.

Law Enforcement & Armed Forces:

Safety, stability and control. It applies to law enforcement, as well as the BLK LBL Bipod. Of course, improved accuracy means fewer rounds expended, which results in a quicker, safer resolution of situations where protecting citizens and ensuring public safety is of primary importance.

Whether it's the stability only a bipod can provide from a set firing position, or easy handling in close quarters, the integrated design of the BLK LBL Bipod gives soldiers and their fireteam added confidence and effectiveness in nearly any situation.

Manufactured specifically for integration with AR-10 rifles, this exclusive BLK LBL bipod is crafted from durable anodized aluminum and stainless steel and features our revolutionary barrel-through design, swiveling ball-and-socket joint and extendable, rear-folding integrated legs.

A replacement barrel nut is included and mounts to any mil-spec upper receiver using a standard armourers wrench.

Requires the rifle to have a low profile gas block.

Attributes

- Name: BLK LBL BIPOD AR-10 (ARMALITE) - Bipod - 16"
- Manufacturer: BLK LBL BIPOD
- Product no.: EU2002661

Safety Instruction Guide for BLK LBL BIPOD AR10 (ARMALITE)

Introduction

Thank you for choosing the BLK LBL BIPOD AR10 (ARMALITE). This bipod is designed to enhance your shooting experience by providing stability and accuracy. To ensure your safety and the proper use of this product, please read and follow the safety guidelines and instructions outlined in this document.

General Safety Guidelines

- Always treat the bipod as if it is loaded and ready to use.
- Ensure that the bipod is compatible with your AR10 rifle before installation.
- Inspect the bipod for any damage or wear before each use. Do not use if damaged.
- Use the bipod only in accordance with the manufacturer's instructions.
- Keep the bipod out of reach of children and unauthorized users.
- Do not modify the bipod in any way that could compromise its safety or performance.
- Be aware of your surroundings and ensure a clear line of sight when using the bipod.

Specific Safety Precautions for Use

- Ensure that the rifle is equipped with a lowprofile gas block for proper bipod installation.
- When deploying the bipod, ensure that the legs are fully extended and locked in place.
- Avoid using the bipod on unstable or uneven surfaces that could lead to tipping or falling.
- When shooting, maintain a firm grip on the rifle to prevent accidental discharge.
- Do not place any part of your body in front of the rifle when aiming or firing.
- Be cautious of the bipod legs when moving through dense brush or wooded areas to avoid snags or injuries.

Instructions for Installation and Usage

1. Installation:

- Ensure the rifle is unloaded and safe before installation.
- Remove the existing barrel nut from your AR10 rifle using a standard armourers wrench.
- Install the replacement barrel nut included with the bipod onto the milspec upper receiver.
- Align the bipod with the barrel nut and secure it according to the manufacturer's instructions.

2. Usage:

- To deploy the bipod, pull the legs downward until they click into place.
- Adjust the leg length as needed to achieve a level shooting position.
- Utilize the 40 degrees of pan and 15 degrees of cant in each direction for optimal positioning.
- When finished, fold the legs back to the rear, flush with the hand guard for easy transport.

Disposal Instructions

- Dispose of the bipod in accordance with local regulations for metal and plastic waste.
- Do not incinerate or dispose of in a manner that could cause environmental harm.
- Consider recycling materials where possible.

Contact Information for Further Support

For safety inquiries or support regarding the BLK LBL BIPOD AR10 (ARMALITE), please refer to your retailer or manufacturer's website for assistance.

By following these safety guidelines and instructions, you will help ensure a safe and enjoyable experience with your BLK LBL Bipod. Always prioritize safety and responsibility when handling firearms and accessories. Thank you for your attention to these important safety measures.
