

# CKYE-POD Gen2 Bipods - MDT Accessories - Bipod - Ckye-pod Gen2 - Sling Swivel Stud Mount - Standard Legs - BLK

[Shooting Accessories](#) > [Bipods, Monopods & Accessories](#) > [Bipods](#)

If you're a hunter or a match shooter looking for a game-changing piece of gear, look no further than the MDT Bipod. Quality craftsmanship and fast, simple, one-handed adjustments make this bipod the ultimate platform for stability and versatility. This bipod is a true work of art, featuring 3 locking positions from front to back - stowed, angled and down. MDT CKYE-POD is in a league of its own with quick single-handed adjustable height, allowing you to achieve from 4.5" to 15.5", paired with 170 degrees of cant, 360 degrees of pan capability (sling swivel stud version does not pan), and an integrated barricade stop. Mix and match the independent leg heights and angles to create the perfect shooting position, every time.

# MDT CKYEPOD Gen2 Bipod Safety Instruction Guide

## Introduction

Thank you for choosing the MDT CKYEPOD Gen2 Bipod. This guide provides essential safety instructions to ensure the safe and effective use of your bipod. Please read this guide carefully before using the product.

## General Safety Guidelines

- Always inspect the bipod for any damage or wear before each use. Do not use if damaged.
- Ensure the bipod is securely attached to your firearm before use.
- Use the bipod only for its intended purpose; do not modify it in any way.
- Keep the bipod out of reach of children and vulnerable individuals.
- Be aware of your surroundings when using the bipod, ensuring a safe shooting environment.
- Follow all local laws and regulations regarding firearm use and safety.

## Specific Safety Precautions for Use

- **Height Adjustment:** Adjust the height of the bipod only when it is stable and secure. Make sure to lock the height adjustment mechanism after setting.
- **Stability:** Ensure the bipod is placed on a stable surface to prevent tipping. Avoid using it on soft or uneven ground.
- **Sling Swivel Stud:** If using the sling swivel stud version, be aware that it does not have pan capability. Adjust your position accordingly.
- **Barricade Stop:** Utilize the integrated barricade stop to enhance stability when shooting off barricades or other supports.
- **Leg Adjustments:** When adjusting leg heights and angles, ensure that all adjustments are locked in place before shooting.

## Instructions for Installation and Usage

### 1. Installation:

- Locate the sling swivel stud on your firearm.
- Align the bipod mounting plate with the sling swivel stud.
- Securely attach the bipod to the stud, ensuring it is locked in place.

### 2. Height Adjustment:

- To adjust the height, locate the adjustment lever on the bipod.
- Pull the lever to unlock, then extend or retract the legs to your desired height.
- Release the lever to lock the height in place.

### 3. Leg Positioning:

- Each leg can be independently adjusted. To adjust a leg, simply pull the leg down or push it up to the desired angle.
- Ensure that the legs are locked in position before use.

### 4. Shooting Position:

- Position the bipod on a stable surface.

- Use the cant and pan features to align your shot accurately, keeping in mind that the sling swivel stud version does not pan.

#### 5. **PostUse Care:**

- After use, clean the bipod to remove dirt and debris.
- Store the bipod in a dry place away from direct sunlight to prevent damage.

## **Disposal Instructions**

- Dispose of the bipod in accordance with local waste disposal regulations.
- Do not dispose of the bipod in household waste if it is damaged or contains hazardous materials.
- Consider recycling options if available.

## **Contact Information for Further Support**

For any safety inquiries, please contact your local distributor or retailer. They can provide assistance and information regarding product safety and maintenance.

Thank you for following these safety guidelines. Enjoy your MDT CKYEPOD Gen2 Bipod responsibly!
