

Picatinny Rail for HS3 Chassis, 6.5", 2-pack

[Rifle Parts](#) > [Forend & Handguard Parts](#) > [Handguard & Rail Accessories](#) > [Accessory Rails](#)

MDT's Picatinny side rails for HS3 have been specifically designed for our Hunter/Sniper chassis series. They come in a pair of 6.5" rails which also feature an integral QD flush cup sling mount. They are machined from 6061-T6 aluminum, then hard-anodized black for a durable finish. These rails are designed to be installed overtop of the HS3 polymer side panels and are a reliable addition when it comes to customizing your rifle with various accessories.

Safety Instruction Guide for MDT Picatinny Rail

Introduction

Thank you for choosing the MDT Picatinny Rail for your HS3 Chassis. This guide provides important safety instructions and guidelines to ensure the safe and effective use of the product. Please read this guide carefully before installation and use.

General Safety Guidelines

- Ensure that the MDT Picatinny Rail is compatible with your HS3 Chassis model before installation.
- Always inspect the product for any visible damage prior to use. Do not use if damaged.
- Follow all installation instructions carefully to avoid injury or damage to the chassis.
- Keep the product out of reach of children and vulnerable individuals.
- Report any unsafe products or accidents to the relevant authorities.
- Stay informed about product recalls and safety updates via the EU Safety Gate platform.

Specific Safety Precautions for Use

- Use the MDT Picatinny Rail only for its intended purpose, which is to attach accessories to your HS3 Chassis.
- Ensure that all accessories attached to the rail are securely fastened to prevent accidents.
- Do not exceed the weight limit of the rail as specified by the manufacturer.
- Avoid using the product in extreme conditions that may affect its performance or safety.
- Be cautious of sharp edges during installation and handling to prevent cuts or injuries.

Instructions for Installation and Usage

1. Preparation

- Gather all necessary tools for installation, including a screwdriver.
- Ensure that the work area is clean and free from distractions.

2. Installation Steps

- Locate the polymer side panels on your HS3 Chassis.
- Position the MDT Picatinny Rail over the side panels, aligning the mounting holes.
- Using the provided screws, secure the rail to the chassis by tightening them until snug. Avoid overtightening.
- Check that the rail is firmly attached and does not move.

3. Usage

- Attach accessories to the Picatinny Rail as needed, ensuring they are properly secured.
- Regularly check the tightness of the rail and accessories during use, especially after heavy use or transport.

Disposal Instructions

- Dispose of the MDT Picatinny Rail in accordance with local regulations for aluminum products.
- Do not dispose of the product in household waste. Instead, consider recycling options available in your area.

Contact Information for Further Support

For any inquiries regarding safety, installation, or product support, please refer to the contact information provided by the manufacturer. Ensure that you have the product details available when seeking assistance.

Thank you for prioritizing safety and compliance with these guidelines. Enjoy customizing your rifle with the MDT Picatinny Rail!
