

## Premier Scope Rings, 1" / 25,4 mm tube diameter - MDT Accessories - Scope Rings - Premier - 25.44mm - Low (0.820in) - BLK

[Optics & Mounting](#) > [Rings, Mounts & Bases](#) > [Scope Rings](#)

The MDT Premier Scope Rings offer a solid mounting system for your optics. Made from precision machined aluminium, these rings are available for the majority of scope sizes and required heights. CMM checked to 1.5 millionths of an inch precision. MDT Premier Scope Rings are designed and manufactured to STANAG 4694 specification, also known as "NATO spec". This means the scope ring sits tight to the top of the scope base rail, with pressure being applied to the underside of the angled rail surfaces to maintain a solid interface. This design also allows mounting on out-of-spec rails.

# MDT Premier Scope Rings Safety Instruction Guide

## Introduction

Thank you for choosing the MDT Premier Scope Rings. This guide provides essential safety instructions and usage guidelines to ensure the safe and effective use of your scope rings. Please read this document carefully before installation and use.

## General Safety Guidelines

- Always ensure that the scope rings are compatible with your scope and firearm.
- Inspect the scope rings for any damage before installation. Do not use damaged products.
- Follow all manufacturer instructions for both the scope and the firearm.
- Ensure that the scope rings are securely mounted before use.
- Keep the product out of reach of children and vulnerable individuals.
- Report any unsafe conditions or accidents to the relevant authorities.

## Specific Safety Precautions for Use

- Ensure that the scope rings are installed on a suitable mounting rail (Picatinny).
- Do not exceed the recommended torque specifications during installation.
- Avoid using the scope rings in extreme temperatures or harsh environments that may affect performance.
- Regularly check the tightness of the scope rings after use, especially after shooting sessions.
- If you notice any unusual movement or looseness, discontinue use immediately and inspect the installation.

## Instructions for Installation and Usage

### 1. Preparation:

- Gather all necessary tools, including a torque wrench, screwdriver, and any other required equipment.
- Ensure the firearm is unloaded and pointed in a safe direction.

### 2. Installation Steps:

- Align the scope rings with the scope base rail.
- Place the scope in the rings and ensure proper eye relief and alignment.
- Secure the scope rings to the base rail using the provided screws.
- Tighten the screws to the manufacturer's recommended torque specifications.
- Doublecheck the alignment and stability of the scope before use.

### 3. Usage:

- Once installed, ensure that the scope is functioning properly by performing a sightin process.
- Use the scope rings only for their intended purpose and in accordance with the manufacturer's guidelines.

## **Disposal Instructions**

- Dispose of the product in accordance with local regulations.
- Do not dispose of the product in regular household waste.
- Consider recycling where possible.

## **Contact Information for Further Support**

For questions or concerns regarding the MDT Premier Scope Rings, please contact the manufacturer or refer to the product packaging for additional support information.

By following these guidelines, you can ensure a safe and enjoyable experience with your MDT Premier Scope Rings. Thank you for your attention to safety.
