

# Square Deal B Progressive Reloading Machine for Pistol Calibers - Dillon Square Deal B (SDB) Reloading Machine 10 MM

[Reloading](#) > [Reloading Presses](#) > [Progressive Presses](#)

The Square Deal B is our most compact machine, it loads common straight walled handgun and carbine cartridges from 32 S&W Long through 45 Colt. Featuring an automatically indexed shellplate, it is intended to produce moderate quantities of match-quality handgun ammunition for the user who does not have a need to load bottle-necked cartridges. Dies are included and are factory adjusted to reduce your set up time.

# Safety Instruction Guide for Dillon Square Deal B Progressive Reloading Machine

## Introduction

The Dillon Square Deal B Progressive Reloading Machine is designed for loading common straightwalled handgun and carbine cartridges. This guide provides essential safety instructions to ensure safe and effective use of the reloading machine in compliance with the EU General Product Safety Regulation (GPSR).

## General Safety Guidelines

- Always read and understand the product manual before use.
- Ensure that the reloading machine is used in a wellventilated area.
- Keep the reloading machine out of reach of children and vulnerable individuals.
- Use personal protective equipment (PPE) such as safety glasses and gloves when operating the machine.
- Regularly inspect the machine for any signs of wear or damage before each use.
- Report any unsafe conditions or incidents to the appropriate authorities.
- Stay informed about product recalls and safety updates through the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Ensure that the machine is placed on a stable and level surface to prevent tipping.
- Do not overload the machine beyond its intended capacity.
- Use only the manufacturerapproved dies and components to avoid malfunctions.
- Avoid wearing loose clothing or accessories that could become caught in the machine.
- Never leave the machine unattended while in operation.
- Be cautious of hot surfaces and moving parts during and after use.

## Instructions for Installation and Usage

### Installation

1. Unpack the Dillon Square Deal B from its packaging.
2. Place the machine on a sturdy workbench or table that can support its weight.
3. Ensure that the machine is level and secure before proceeding with setup.
4. Follow the manufacturer's instructions to install the dies and shellplate.

### Usage

#### 1. Preparation:

- Gather all necessary materials, including brass cases, primers, powder, and bullets.
- Ensure that the workspace is clean and organized to prevent accidents.

#### 2. Loading Process:

- Adjust the dies according to the manufacturer's specifications.
- Begin the reloading process by following these steps:
  - Insert the brass cases into the shellplate.
  - Index the shellplate to the next station for resizing, priming, powder charging, and bullet seating.
  - Follow the sequence carefully to ensure proper loading.

### 3. **PostUse:**

- After use, clean the machine to remove any residue.
- Store the machine in a safe and dry location away from children and pets.

## **Disposal Instructions**

- Dispose of any unused or expired reloading components according to local regulations.
- Ensure that all hazardous materials, such as primers and powder, are disposed of in a safe manner.
- Contact local waste management authorities for guidance on proper disposal methods.

## **Contact Information for Further Support**

For any inquiries regarding safety or support, please refer to the manufacturer's contact information provided in the product manual.

By following these safety instructions, you can ensure a safe and efficient reloading experience with the Dillon Square Deal B Progressive Reloading Machine. Always prioritize safety and stay informed about best practices for reloading.
