

Square Deal B Progressive Reloading Machine for Pistol Calibers - Dillon Square Deal B (SDB) Reloading Machine 38 Super

[Reloading](#) > [Reloading Presses](#) > [Progressive Presses](#)

The Square Deal B is our most compact machine, it loads common straight walled handgun and carbine cartridges from 32 S&W Long through 45 Colt. Featuring an automatically indexed shellplate, it is intended to produce moderate quantities of match-quality handgun ammunition for the user who does not have a need to load bottle-necked cartridges. Dies are included and are factory adjusted to reduce your set up time.

Safety Instruction Guide for Dillon Square Deal B Progressive Reloading Machine

Introduction

Thank you for choosing the Dillon Square Deal B Progressive Reloading Machine for Pistol Calibers. This guide provides essential safety instructions to ensure the safe operation and maintenance of your reloading machine. Please read this document carefully before using the product.

General Safety Guidelines

- Ensure that the reloading machine is used in accordance with the manufacturer's instructions.
- Keep the reloading area clean and organized to prevent accidents.
- Always wear appropriate personal protective equipment (PPE), including safety glasses and hearing protection.
- Store all reloading components, including powders and primers, in a cool, dry place away from children and pets.
- Regularly inspect the machine for any signs of wear or damage before use.
- Do not leave the machine unattended while in operation.
- Be aware of your surroundings and ensure that others are at a safe distance while reloading.

Specific Safety Precautions for Use

- Avoid using the reloading machine if you are tired, distracted, or under the influence of drugs or alcohol.
- Only use the machine for its intended purpose; do not attempt to reload bottlenecked cartridges.
- Ensure that the dies are correctly adjusted and securely fastened before starting the reloading process.
- Do not exceed the recommended load specifications for your cartridges.
- Always doublecheck that the correct components are being used for each reloading session.
- Be cautious when handling powders and primers; follow the manufacturer's guidelines for safe handling.
- In case of a malfunction, stop using the machine immediately and consult the troubleshooting section of the manual.

Instructions for Installation and Usage

1. Installation:

- Place the reloading machine on a stable, level surface that can support its weight.
- Ensure that the machine is securely bolted down to prevent movement during operation.
- Connect the machine to a power source, if applicable, following the manufacturer's electrical specifications.
- Install the appropriate dies for the cartridge you intend to reload, ensuring they are properly adjusted.

2. Usage:

- Prepare your workspace by gathering all necessary materials, including brass cases, bullets, primers, and powder.
- Set the machine to the correct settings for the 38 Super cartridge.
- Begin the reloading process by following the stepbystep instructions provided in the user manual.
- Monitor the reloading process closely, making adjustments as necessary to ensure consistent quality.
- After completing your reloading session, clean the machine and surrounding area to prevent debris buildup.

Disposal Instructions

- Dispose of any unused or expired reloading components according to local regulations.
- Do not dispose of powders or primers in regular trash; contact your local hazardous waste disposal facility for guidance.
- Recycle any metal or plastic components when possible, following local recycling guidelines.

Contact Information for Further Support

For any questions or concerns regarding the Dillon Square Deal B Progressive Reloading Machine, please refer to the contact information provided in the product packaging or user manual. Ensure you have the product details ready for any inquiries.

Conclusion

By following these safety instructions, you will help ensure a safe and enjoyable reloading experience with your Dillon Square Deal B Progressive Reloading Machine. Thank you for prioritizing safety in your reloading practices.
